The Currently Outstanding Bonds, and certain other series of Bonds which have been refunded and are no longer Outstanding, were issued under that certain Indenture of Trust dated as of August 1, 1988 (the “*Original Indenture*”) by and between the Authority and The First National Bank in Sioux Falls, Sioux Falls, South Dakota, as Trustee (the “*Trustee*”). The Original Indenture has heretofore been supplemented and amended by fourteen separate supplemental indentures, the most recent of which being the Fourteenth Supplemental Indenture of Trust between the Authority and the Trustee (the “*Fourteenth Supplemental Indenture*”), which was entered into in connection with the issuance of the Series 2012A Bonds. The Series 2014A Bonds will be issued in accordance with the Fifteenth Supplemental Indenture of Trust between the Authority and the Trustee dated as of June 1, 2014 (the “*Fifteenth Supplemental Indenture*”). The Original Indenture as so amended and supplemented is herein referred to as the “*Indenture*.” Any parity bonds to be issued in the future (the “*Additional Bonds*”) will be issued in accordance with the Indenture.

THE PROGRAM

By virtue of certain amendments to the Act and certain related amendments to Title 13 of South Dakota Codified Laws, a financing program for the acquisition and improvement of post-secondary vocational technical education facilities (the “*Program*”) was approved by the 1987 South Dakota Legislature and amended by the South Dakota Legislature in 1988 and 2013. The Program involves the issuance and sale of revenue bonds by the Authority from time to time to finance the acquisition and improvement of post-secondary vocational technical educational facilities (each such facility to be referred to herein as a “*Project*” and collectively as the “*Projects*”) for lease to and purchase by the South Dakota Board of Education (the “*Board*”). The Board will, in turn, sublease such Projects pursuant to separate Sublease Agreements (the “*Subleases*”) with each of the school districts which administer a post-secondary vocational technical education program (herein, the “*Qualified Participating Institutions*”). There are currently four Qualified Participating Institutions which operate post-secondary vocational technical education programs. Those Qualified Participating Institutions and the vocational technical institutes under their supervision are the following:

* Preliminary, subject to change.

1. Rapid City Area School District 51-4 (“*Rapid City*”), administering Western Dakota Technical Institute (“*Western Dakota*”);
2. Sioux Falls School District 49-5 (“*Sioux Falls*”), administering Southeast Technical Institute (“*Southeast*”);
3. Watertown School District 14-4 (“*Watertown*”), administering Lake Area Technical Institute (“*Lake Area*”); and
4. Mitchell School District 17-2 (the “*Mitchell School District*” or “*Mitchell*”), administering Mitchell Technical Institute (“*Mitchell Institute*”).

The Projects financed or refinanced with the proceeds of the Authority’s Vocational Education Program Revenue Bonds, Series 1988 were leased by the Authority, as lessor, to the Board, as lessee, pursuant to a Lease Purchase Agreement dated as of August 1, 1988 (the “*Original Lease*”). The Original Lease has been amended and supplemented over the years to provide for the financing of various projects (each “*Lease Supplement*”) by adding the financed projects as leased property, by providing for the payment of Lease Rentals annually in amounts and at times sufficient to pay debt service with respect to Additional Bonds and for certain other purposes. The most recent Lease Supplement was the Sixteenth Supplement to the Lease Purchase Agreement dated as of February 1, 2012 (the “*Sixteenth Supplement to Lease*”) which was entered into in connection with the issuance of the Series 2012A Bonds. In connection with the issuance of the Series 2014A Bonds, the Board and the Authority will enter into a Seventeenth Supplement to Lease Purchase Agreement dated as of June 1, 2014 (the “*Seventeenth Lease Supplement*”).

The Original Lease as amended and supplemented by the various Lease Supplements through and including the Seventeenth Lease Supplement is herein referred to as the “*Lease*”.

The Projects financed or refinanced in whole or in part with the proceeds of Bonds are shown in the following table:

The Series 2014A Bonds are being issued for the purposes of refinancing and refunding the outstanding Series 2004 Bonds of the Authority. The Series 2004 Bonds financed or refinanced projects that were initially financed with proceeds of the Series 1988, Series 1990 and Series 1993B Bonds. The purposes for which the Series 2014A Bonds are being issued are further described below under "Plan of Finance."

A description of the use of the proceeds of the Series 2014A Bonds (as well as certain other funds), including purposes and approximate amounts, is included herein under “Estimated Application of Series 2014A Bond Proceeds and Other Funds.”

The Series 2014A Bonds are limited obligations of the Authority. The Series 2014A Bonds, the Series 2004 Bonds, the Series 2007 Bonds, the Series 2008 Bonds, the Series 2010A Bonds, the Series 2010B Bonds, the Series 2010C Bonds, the Series 2011A Bonds, the Series 2012A Bonds, and any Additional Bonds hereafter issued (collectively, the “*Bonds*”) are equally and ratably payable solely from Lease Rentals and the Debt Service Reserve Fund as more fully described herein under “LEASE RENTALS” and “THE BONDS—Security for the Bonds.” No other series of Bonds are Outstanding under the Indenture as of the date of issuance of the Series 2014A Bonds.

LEASE RENTALS

The Series 2014A Bonds (together with the Currently Outstanding Bonds and all Additional Bonds) are payable primarily from payments (“*Lease Rentals*”) made by the Board as Lessee under the Lease, to the Authority as Lessor. The Lease is an annual appropriation obligation of the Board pursuant to which the Board is only obligated to pay Lease Rentals with respect to any year for which the South Dakota Legislature authorizes and/or appropriates sufficient funds therefor. In the Lease, the Board covenants and agrees to pay Lease Rentals semiannually for deposit to the Tuition Subaccount which are required to be in the amount necessary to pay all amounts of principal and interest when due on the outstanding Bonds and any Additional Bonds, as well as any Trustee, Paying Agent and Authority fees.

Historically, the Board has relied on two primary sources of funding for its semi-annual Lease Rentals: (i) Student Facility Fees and (ii) Appropriated Payments received from the State, both of which are more fully described in the following table. The following table shows, for the period beginning Fiscal Year 1994 through Fiscal Year 2013, the Student Facility Fees, the Appropriated Payments and other Program Revenues components of the total Lease Rentals received by the Trustee, as well as the amounts of such Lease Rentals applied by the Trustee to pay principal and interest on outstanding Bonds.

(This space left intentionally blank.)

APPROPRIATED PAYMENTS

From the inception of the Program, the Board has paid a portion of the Lease Rentals using funds appropriated to it by the South Dakota Legislature. For more than two decades, these funds have been appropriated from the State's General Fund. In determining the amount of its appropriation request for State funds, the Board is permitted to estimate Program Revenues (described below) and reduce its total appropriation request by an amount equal to the Program Revenues so estimated.

In 2009, the South Dakota Legislature increased the amount of appropriations from \$824,000 to \$1,650,000. In 2013, the South Dakota Legislature expressed its intent that, beginning with the 2015 fiscal year, such appropriations will be set at a level that is equal to at least 50 percent of the available Student Facility Fees, however, such intention is not legally binding upon future Legislatures.

PROGRAM REVENUES

Program Revenues include three distinct components, as described below.

(1) *Facility Fees.* Pursuant to the statutory authority vested in it, on August 18, 1988 the Board adopted a policy requiring each of the four Qualified Participating Institutions to establish and collect a Facility Fee as a non-refundable component of the general tuition charges assessed all students who enroll in the four post-secondary vocational schools in the State. Set forth below is a table showing the history of the Facility Fees and scheduled increases thereof, including fees to be established by the Amended and Restated Facility Fee Tuition Collection and Deposit Agreement to be entered into by the Board, the Qualified Participating Institutions and the Escrow Holder in connection with the issuance of the Series 2014A Bonds (the "*Collection Agreement*").

Effective Dates	Facility Fee
Prior to June 1, 1993	\$10 per month for full time students; 10% of tuition for part time, specialty and adult program students.
June 1, 1993 – June 30, 1996	\$126 per semester for full time students; \$10.50 per credit hour for all other students.
July 1, 1996 – 1 st Semester 1999/2000	\$136 per semester for full time students; \$11.25 per hour for all other students.
2 nd Semester 1999/2000 – 1 st Semester 2006/2007	\$151 per semester for full time students; \$12.60 per credit hour for all other students.
2 nd Semester 2006/2007 – June 30, 2008	\$10.50 per credit hour for all students.
July 1, 2008 – June 30, 2009	\$12.00 per credit hour for all students.
July 1, 2009	\$14.00 per credit hour for all students.
July 2, 2010	\$15.00 per credit hour for all students.
July 1, 2011	\$19.00 per credit hour for all students.
July 1, 2012	\$22.00 per credit hour for all students.
July 1, 2013	\$25.00 per credit hour for all students.
July 1, 2014	\$28.00 per credit hour for all students.

For the 2012-2013 school year, there were approximately 6,023 full-time equivalent students enrolled in Western Dakota, Southeast, Lake Area and Mitchell Technical Institutes. (See APPENDIX A for more information regarding post-secondary vocational education in South Dakota.)

The Collection Agreement requires the Qualified Participating Institutions to collect the Facility Fees and pay them over to the Escrow Holder for deposit to the credit of the Tuition Subaccount monthly as described above. See also “SUMMARY OF CERTAIN PROVISIONS OF THE COLLECTION AGREEMENT” herein.

(2) *Optional Deposits.* In addition to the required Appropriated Payments, the Authority and the Board each has the right under the Pledge Agreement to make optional payments or deposits (“*Optional Deposits*”) for deposit into the Tuition Subaccount.

(3) *Investment Earnings.* Any investment earnings on any of the foregoing, whether while on deposit in the Tuition Subaccount or in the Debt Service Fund, shall also constitute Program Revenues (except for investment earnings required to be rebated to the United States Treasury under Section 148 of the Code). See also “SUMMARY OF CERTAIN PROVISIONS OF THE PLEDGE AGREEMENT – Amendments to Pledge Agreement and Indenture” for a description of the release of the current pledge of earnings derived from the Technical Institutes Facilities Fund and certain related amendments to the documents securing the Bonds.

Each Series of Bonds issued under the Indenture will have as its purpose the acquisition and improvement of or the refunding of the costs of, one or more Projects for lease to and the installment purchase by the Board. The Lease will identify the principal amount of Bonds allocated to the Project being leased and the Lease will obligate the Board to pay Lease Rentals and other amounts at times and in amounts sufficient to pay the principal of and interest on the Series of Bonds issued to finance such Project or Projects and other related costs of administration.

The Facilities are not collateral or security for the Bonds and neither the Trustee nor the owners of the Bonds have any lien or security interest in the land, buildings or equipment constituting the Facilities.

REPRESENTATIVES AND GENERAL COUNSEL

Donald A. Templeton, Executive Director and Secretary of the Authority, is responsible for the general management of its affairs. Mr. Templeton is a resident of Pierre, South Dakota. He is the past President and is currently the Treasurer and a member of the Board of Directors for the National Association of Health and Education Finance Facilities. He is a past member of the Muni Council. He is

also a current member of the South Dakota Chapter of Healthcare Financial Management Association and has served as a member on its Board of Directors.

Murphy, Goldammer & Prendergast, L.L.P., attorneys, Sioux Falls, South Dakota, serve as general counsel for the South Dakota Health and Educational Facilities Authority.

POWERS OF THE AUTHORITY

Under the Authority's Act, the Authority is authorized and empowered, among other things: to issue bonds, notes and other obligations for any of its corporate purposes and to refund the same; to charge and collect rates, rents, fees and charges for the use of projects or for services furnished by facilities in relation thereto; to construct, reconstruct, renovate, replace, maintain, repair, operate, lease or regulate projects for participating health institutions or participating educational institutions incurred with respect to the construction or acquisition of facilities by such institutions; to establish or cause to be established rules and regulations for the use of projects; to receive in relation to project loans or grants from any public agency or any other source; to make loans to participating health institutions or participating educational institutions for the costs of projects; to mortgage any project and the site thereof for the benefit of the holders of bonds issued to finance such project; and to do all things necessary or convenient to carry out the purpose of the Authority Act. The bonds, notes and other obligations of the Authority, including the Series 2014A Bonds, do not constitute indebtedness of the State of South Dakota. The Authority has no taxing power.

The Authority's Act provides that the Authority shall have the power to employ consulting engineers, architects, attorneys, accountants, construction and financial experts, and such other employees as in its judgment may be necessary.

INDEBTEDNESS OF THE SOUTH DAKOTA ISSUER

As of March 31, 2014 the Authority had issued \$3,591,398,017 of bonds, leases or notes for 230 projects or programs (including certificates of participation issued in school district borrowing programs sponsored by the Authority), of which \$1,129,037,692 was then outstanding.

With respect to additional indebtedness of the Authority, the Authority intends to enter into separate agreements with participating health or educational institutions in the State of South Dakota for the purpose of providing financing for eligible projects and the Authority may enter into other arrangements for financing programs for students in health care, for South Dakota school districts or other programs as may be authorized under the Authority Act.

Beginning July 1, 2013, any bonds, notes, or other obligations of the Authority which are payable out of payments made under Subleases with the Qualified Participating Institutions may only be issued pursuant to the Authority's Act if the Board determines by resolution that the estimated receipts, rentals, and other payments, including Appropriated Payments authorized by the South Dakota Legislature, Student Facility Fees, and any other amounts pledged under the applicable bond indenture or similar agreement, will not be less than 103 percent of the scheduled debt service payments on all outstanding Bonds, including the bonds proposed to be issued. In addition, beginning July 1, 2013, all bonds issued under the Program (other than bonds issued for the purposes of refinancing or refunding existing bonds) must be authorized by legislation of the South Dakota Legislature.

The Board has determined in a resolution that available revenues and other sources of payment are estimated to be sufficient to satisfy the 103-percent of debt service requirement with respect to all outstanding Bonds, including the Series 2014A Bonds.

With respect to additional indebtedness of the Authority, the Authority intends to enter into separate agreements with participating health or educational institutions in the State of South Dakota for the purpose of providing financing for eligible projects; and the Authority may enter into other arrangements for financing programs for students in health care, for South Dakota school districts, or other programs that may be authorized under the Authority's Act.

THE BONDS

DESCRIPTION OF THE SERIES 2014A BONDS

The Series 2014A Bonds will mature at the times and in the principal amounts as set forth on the inside cover page of this Official Statement. The Series 2014A Bonds will be dated the date of issue, and bear interest from that date payable on February 1 and August 1 in each year commencing August 1, 2014.

SECURITY FOR THE BONDS

The Bonds, including the Series 2014A Bonds, and the interest thereon are limited obligations of the Authority and are payable solely from Lease Rentals and amounts on deposit in the Debt Service Reserve Fund. The Bonds, including the Series 2014A Bonds, do not constitute general obligations, debt or bonded indebtedness or a pledge of the faith and credit of the State of South Dakota, the Board, the Treasurer or the Authority, and the holders thereof have no right to any taxes levied by the State or any political subdivision thereof.

Notwithstanding anything in the Lease to the contrary, the cost and expense of the performance by the Board of its obligations under the Lease and the incurrence of any liabilities of the Board under the Lease, including, without limitation, the obligation to pay Lease Rentals and all other amounts required to be paid by the Board under the Lease, shall be subject to and dependent upon moneys being made legally available from time to time from Appropriated Payments. In order to effectuate the foregoing, the Board agrees in the Lease that the Secretary of the Department of Education shall include in the Board's budget for the next occurring Fiscal Year an amount sufficient to pay all of the Lease Rentals and other amounts scheduled to become due in the next occurring Fiscal Year.

In addition, the Board covenants and agrees in the Collection Agreement that if at any time the Board is advised by the Authority or the Trustee or otherwise becomes aware or determines that the Facility Fees, Appropriated Payments and other amounts available for payment of scheduled Debt Service may be deficient in any manner, the Board shall immediately seek from the Legislature an increase in Appropriated Payments that are sufficient in amount and available on the dates required in order to

remedy such a deficiency. The Board shall provide notice to the Authority and the Trustee of any action required to be taken pursuant to this covenant, and shall provide periodic updates to the Authority and the Trustee of progress made in connection therewith.

The South Dakota Legislature is under no obligation to approve such appropriations. In addition, although the Subleases contain lease rental schedules payable in amounts sufficient to pay debt service on Bonds, as and when due, no sublease rentals have ever been required to be paid since the commencement of the Program in 1988 since Program Revenues have been sufficient for such purposes, and in any event, the obligation to pay such sublease rentals is in all events subject to affirmative appropriations by each District.

The Lease Rentals are duly pledged under the Lease and the Indenture and the Program Revenues are duly pledged under the Pledge Agreement, the Collection Agreement and the Indenture for the payment of principal, redemption premium, if any, and interest on the Bonds, and the rights of the Authority in and to the Lease Rentals and Program Revenues (except for the Authority's right to certain fees and expenses) are assigned to the Trustee, all to secure such payments on the Bonds (except for any investment earnings required to be transferred to and deposited in the Rebate Fund).

None of the Projects have been mortgaged to secure the Bonds. However, if an Event of Default under the Lease shall have happened and be continuing, the Authority or the Trustee shall have the right to terminate the Lease and re-let any and all Projects financed or refinanced with any Outstanding Bonds to another governmental unit or other person the use of the Projects by which will not adversely effect the exclusion of interest on the Bonds from the gross income of the owners thereof for federal income tax purposes.

RATE COVENANT

In the Collection Agreement, the Board and each Qualified Participating Institution acknowledge and agree that the Qualified Participating Institutions shall charge, collect and pay over Facility Fees in each Academic Year which are estimated to be sufficient, together with the Appropriated Payments and any other Program Revenues projected to be available therefor, to equal or exceed one hundred three (103%) of scheduled Debt Service on all Outstanding Bonds required to be paid for the 12-month period commencing on August 1 in the next succeeding calendar year and program expenses. The Collection Agreement establishes a procedure and a timeline for making such calculations on an annual basis so that the Facility Fees can be adjusted as necessary to provide for sufficient time to impose and collect increased fees which are projected to be adequate to pay current scheduled debt service without assuming any increases in Appropriated Payments.

ADDITIONAL BONDS

One or more Series of Additional Bonds may be secured by the Pledge Agreement on a parity with other Outstanding Bonds, whether issued theretofore or thereafter, upon compliance with the terms and conditions set forth in the Indenture and Pledge Agreement, including an amendment or supplement to the Lease to describe the new Projects to be acquired and leased and to provide for Lease Rentals in amounts and at times sufficient to cover payments of principal and interest to be made on such Additional Bonds.

REDEMPTION OF THE SERIES 2014A BONDS

No redemption prior to maturity of the Series 2014A Bonds outstanding at any time shall be made except as described below under the headings "Sinking Fund Installments" and "Optional Redemption."

SINKING FUND INSTALLMENTS

Series 2014A Bonds due on August 1 of _____ and _____ (collectively the “*Series 2014A Term Bonds*”), are subject to redemption prior to maturity at 100% of the principal amount to be redeemed plus accrued interest to the date of redemption, from mandatory Sinking Fund Installments which are required to be made in amounts sufficient to redeem on August 1, the principal amount of such Bonds, all in the manner provided in the Indenture and any applicable Supplemental Indenture:

SERIES 2014A TERM BONDS
DUE AUGUST 1, 20____
YEAR AMOUNT

The par value of Series 2014A Term Bonds redeemed otherwise than pursuant to Sinking Fund Installments shall be credited, in whole or in part, against each Sinking Fund Installment to become due following the date of redemption, in an amount bearing the same ratio to each such Sinking Fund Installment as the total amount of such Series 2014A Term Bonds so redeemed bears to the total amount of all Sinking Fund Installments to be so credited.

The par value of the Series 2014A Term Bonds purchased by the Authority and surrendered to the Trustee shall be credited, in whole or in part, against each Sinking Fund Installment to become due more than 45 days following the date of such surrender, in an amount bearing the same ratio to each such Sinking Fund Installment as the total amount of such Series 2014A Term Bonds so surrendered bears to the total amount of all Sinking Fund Installments to be so credited.

OPTIONAL REDEMPTION

The Series 2014A Bonds are subject to redemption prior to maturity on or after August 1, 20____ in whole or in part on any date upon receipt by the Trustee of a written certificate from the Authority stating that it intends to effect redemption of all or a part of such Series 2014A Bonds at the redemption price of par plus accrued interest to the redemption date; *provided, however*, notice to the holders of the Series 2014A Bonds to be redeemed shall not be given by the Trustee unless the Trustee determines that sufficient funds shall be on deposit to pay the redemption price in full on the date set for redemption.

In the event any of the Series 2014A Bonds or portions thereof (which shall be \$5,000 or any integral multiple thereof) are called for redemption as aforesaid, notice thereof identifying the Series 2014A Bonds or portions thereof to be redeemed will be given by the Trustee by mailing a copy of the redemption notice by first class mail not more than 45 days and not less than 30 days prior to the date fixed for redemption to the registered owner of any Series 2014A Bonds designated for redemption in whole or in part, at his address as the same shall last appear upon the registration books. Failure to give such notice by mailing to any such owner, or any defect therein, shall not affect the validity of the redemption of any other Series 2014A Bonds. Upon the giving of notice, if sufficient funds for redemption are on deposit with the Trustee, the Series 2014A Bonds or portions thereof so called for redemption will cease to bear interest after the specified redemption date.

If less than all of the Series 2014A Bonds shall be called for optional redemption prior to their stated maturing date, the particular Bonds to be redeemed shall be selected and redeemed by the Trustee in multiples of \$5,000 at the direction of the Authority either (a) in inverse order of maturity and within a maturity as selected by lot or (b) on a reasonably proportionate basis for each maturity, such basis to be determined as nearly as practicable by the Trustee with respect to each outstanding maturity of the Series 2014A Bonds by multiplying the amount then available to redeem such Series 2014A Bonds, less the amount required to pay the accrued interest thereon, by the ratio by which (i) the principal amount of the Outstanding Bonds of each such maturity (for such Series) bears to (ii) the aggregate principal amount of all Outstanding Bonds for all maturities for such Series.

NOTICE OF REDEMPTION

Notice of the call for redemption of any of the Series 2014A Bonds pursuant to the above provisions will be given by mail to the registered holders of Series 2014A Bonds to be redeemed to the address shown on the registration books maintained by the Trustee not less than thirty days prior to the redemption date; provided, however, that failure to give such notice by mailing or a defect in the notice or the mailing will not affect the validity of the redemption. Interest will not be payable on the Series 2014A Bonds after the redemption date if notice has been given and if sufficient moneys have been deposited with the Trustee to pay the principal, applicable redemption premium, if any, and interest on the Series 2014A Bonds to the redemption date.

BOND REGISTRATION

The Series 2014A Bonds issued under the Indenture will be only in the form of registered bonds in the denomination of \$5,000 or integral multiples thereof.

BOOK-ENTRY SYSTEM

THE INFORMATION CONCERNING DTC AND THE BOOK-ENTRY SYSTEM HAS BEEN PROVIDED BY DTC. NO REPRESENTATION IS MADE BY THE AUTHORITY OR THE UNDERWRITER AS TO THE ACCURACY OR ADEQUACY OF INFORMATION PROVIDED BY DTC OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE OF THIS OFFICIAL STATEMENT.

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Series 2014A Bonds. The Series 2014A Bonds will be issued as fully-registered bonds registered in the name Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2014A Bond certificate will be issued for each stated maturity of the Series 2014A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments (from over 100 countries) that DTC’s participants (“*Direct Participants*”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities

certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, the National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“*Indirect Participants*”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Series 2014A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2014A Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2014A Bond (“*Beneficial Owner*”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2014A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2014A Bonds, except in the event that use of the book-entry system for the Series 2014A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2014A Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2014A Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2014A Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2014A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Series 2014A Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2014A Bonds, such as redemptions, tenders, defaults and proposed amendments to the documents relating to the Series 2014A Bonds. For example, Beneficial Owners of the Series 2014A Bonds may wish to ascertain that the nominee holding the Series 2014A Bonds for their benefit have agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2014A Bonds are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in the Series 2014A Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2014A Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as

possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2014A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2014A Bonds and payments of the redemption or purchase price of Series 2014A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest on the Series 2014A Bonds and of the redemption or purchase price of the Series 2014A Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority and the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2014A Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2014A Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Series 2014A Bond certificates will be printed and delivered.

PLAN OF FINANCE

The Series 2014A Bonds are being issued for the purposes of refinancing and refunding the Series 2004 Bonds of the Authority. Proceeds of the Series 2014A Bonds, together with other available moneys, will be (i) deposited with the Trustee for application to the call price of the refunded Series 2004 Bonds on August 1, 2014, (ii) applied to fund a debt service reserve fund with respect to the Series 2014A Bonds, (iii) used to provide working capital in an amount equal to the present value savings on debt service with respect to the refunded Series 2004 Bonds, and (iv) used to pay the costs of issuance associated with the Series 2014A Bonds.

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

The Indenture contains various covenants, security provisions, terms and conditions, certain of which are summarized below. Reference is made to the Indenture for a full and complete statement of its provisions.

While the Supplemental Indentures for each Series are separate and independent, the Fifth Supplemental Indenture and the Sixth Supplemental Indenture contain substantially similar provisions except for the use of the proceeds of the Bonds issued thereunder.

APPLICATION OF SERIES 2014A BOND PROCEEDS

The net proceeds of the Series 2014A Bonds, other than the amounts being deposited in the Escrow Fund and amounts providing working capital corresponding to the debt service savings resulting from the refunding, shall be deposited with the Trustee as provided in the Indenture.

The Indenture creates the following funds which are to be held by the Trustee:

1. The Project Fund;
2. The Debt Service Fund;
3. The Debt Service Reserve Fund;
4. The Cost of Issuance Fund; and
5. The Rebate Fund.

The Indenture also creates a “Debt Service Account” in the Debt Service Fund for each Series of Bonds.

PROJECT FUND

Upon sale of any series of Bonds, the Authority shall direct the Trustee to deposit all or a part of proceeds thereof, including the deposit of amounts in a Project Subaccount for use in acquiring, improving and equipping Projects for the Board in connection with such Series of Bonds, a deposit to provide for payment or discharge of any Bonds to be refunded, and the deposit of sufficient moneys out of Bond Proceeds or out of moneys furnished by the Board or the applicable Qualified Participating Institutions to the credit of the Cost of Issuance Fund or Debt Service Fund.

Moneys in the Project Fund and any subaccount shall be used only for the acquisition of Projects or otherwise as set forth in the Indenture, and pending such use, shall be invested as provided by the Indenture.

DEBT SERVICE FUND

From the proceeds of the sale of any series of Bonds, there shall be deposited in the Capitalized Interest Account or the Refunding Interest Account an amount, if any, specified in the Indenture. Moneys in the Capitalized Interest Account shall be used to pay interest on the Bonds as and when such interest is due and payable. Thereafter, the Indenture requires the Trustee to pay from the Debt Service Account on or before each Bond Payment Date (i) the amount required for the interest payable on all Outstanding Bonds on such Bond Payment Date, plus (ii) the amount, if any, required for the payment of the Principal Installments due on all Outstanding Bonds on such Bond Payment Date.

Amounts in the Debt Service Account for the payment of Sinking Fund Installments shall be applied by the Trustee to the redemption of Bonds of the Series and maturity for which such Sinking Fund Installment was established in amounts sufficient to retire such Bonds as hereinafter provided. As soon as practicable after the forty-fifth (45) day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption on such due date Bonds of the Series and maturity for which such Sinking Fund Installment was established in the unsatisfied balance of such Sinking Fund Installment reduced by the principal amount of Bonds of such Series and maturity theretofore delivered by the Authority to the Trustee to satisfy such Sinking Fund Installment. Such notice shall be given regardless of whether or not moneys therefore shall have been deposited in the Debt Service Fund and without any instructions from the Authority.

The Authority may deliver to the Trustee for cancellation, at least forty-five (45) days prior to the due date of such Sinking Fund Installment, Bonds of the Series and maturity for which such Sinking Fund Installment was established. Such Bonds shall be credited at the par amount thereof against each such

Sinking Fund Installment thereafter to become due as described herein under the caption “THE BONDS—Redemption of Series 2014A Bonds”.

In the event of the refunding of one or more Series of Bonds or one or more maturities within a Series, the Trustee shall apply amounts in the Debt Service Fund pursuant to the written direction of the Authority.

In the event moneys in the Debt Service Fund are insufficient for whatever reason to pay principal or interest when due on the Bonds, then the Trustee shall promptly give notice of insufficiency to the Board and other parties as provided in the Pledge Agreement and Lease, and shall apply to the Debt Service Fund such amounts from such sources as listed in the following priority: *First*, from the Board any amounts received under or pursuant to the Lease, *Second*, from the Board any amounts received under or pursuant to the Pledge Agreement, *Third*, from the Debt Service Reserve Fund, *Fourth*, from the Cost of Issuance Fund, *Fifth*, from the Project Fund (pro rata from each Project Subaccount based upon a percentage derived by dividing the principal amount in each Project Subaccount by the total principal amount of all Project Subaccounts).

DEBT SERVICE RESERVE FUND

If on any Interest Payment Date the amount in the Debt Service Fund is insufficient to pay principal and interest on all Outstanding Bonds becoming due and payable on such Interest Payment Date, the Trustee is to transfer moneys from the Debt Service Reserve Fund to the Debt Service Fund to make good any deficiency.

If on September 15 of any Bond Year the amount in the Debt Service Reserve Fund exceeds the Debt Service Reserve Fund Requirement, the Trustee is to transfer such excess to the Debt Service Fund.

To the extent that the Debt Service Reserve Fund Requirement with respect to a Series of Bonds will be reduced as a result of a proposed redemption of Bonds, the Trustee is to transfer from the Debt Service Reserve Fund moneys equal to the amount of such reduction and apply such moneys to the scheduled redemption of Bonds.

In the event that a Series of Bonds is to be refunded by a Series of refunding Bonds, then the Authority may elect that, upon such refunding, amounts in the Debt Service Reserve Fund are to be transferred to the reserve fund which is established with respect to the refunding Bonds.

In the event that the Debt Service Reserve Fund is drawn upon to pay amounts due on the Bonds, the Pledge Agreement and the Lease each obligates the Board to replenish the Debt Service Reserve Fund out of any legally available moneys and, if necessary, the Board is required by the Pledge Agreement to seek a special appropriation from the State Legislature for such purpose. See “SUMMARY OF CERTAIN PROVISIONS OF THE LEASE—Non-Appropriation; Limited Obligation” herein for a discussion of the limitation on liability applicable to the Board in connection with this requirement.

COST OF ISSUANCE FUND

Moneys in the Cost of Issuance Fund shall be used to pay the costs of issuing the Bonds, including, but not limited to, all printing, legal or other fees or expenses in connection with the Authority’s issuance, sale and delivery of the Bonds, any fees or expenses of the Authority and the Trustee. Any funds remaining in the Cost of Issuance Fund after the date specified in a Supplemental Resolution, or if no such date is specified, after one year from the date of delivery of the related Series of Bonds, shall be transferred to the Debt Service Fund and shall be applied to proportionately reduce Lease Rentals to be

paid by the Board under the related Lease. All earnings on moneys in the Cost of Issuance Fund shall be transferred as received to the Debt Service Fund and shall be similarly applied.

REBATE FUND

There shall be transferred into the Rebate Fund from the income earned by the Tuition Subaccount and all other Funds due to the investment thereof, such amounts as are described in Section 148(f) of the Code for payment of the required rebate to the United States Treasury. Investment earnings on the Rebate Fund shall likewise be deposited therein. No later than 45 days and no earlier than 10 days prior to which a rebate payment is required to be paid to the United States of America from the Rebate Fund in accordance with the provisions of the Code, the Trustee, on behalf of the Authority, shall determine the amount then required to be paid and remit such sum. After the last required rebate payment is made, any balance remaining in any Rebate Fund is to be paid to the Board free and clear of the pledge and lien of the Indenture.

MONEYS TO BE HELD IN TRUST

Except for any amounts required to be rebated to the United States Treasury pursuant to Section 148 of the Code or any moneys subject to release from the Pledge Agreement as provided therein, all moneys required to be deposited with or paid to the Trustee for account of any Fund established under any provision of the Indenture shall be held by the Trustee in trust and shall, while held by the Trustee, constitute part of the Trust Estate and be subject to the security interest created. Upon exercise by the Trustee of any remedies specified in the Indenture, such Trust Estate shall be applied in accordance with the Indenture, except to the extent that the Trustee is holding in trust moneys and/or Government Obligations for the payment of any specified Bonds which are no longer deemed to be Outstanding under the provisions of the Indenture.

INVESTMENT OF MONEYS IN FUNDS

Moneys held as part of any Fund or account thereof shall be invested and reinvested by the Trustee at the direction of the Board in Eligible Investments. (Moneys held in the Tuition Subaccount shall be invested at the direction of the Board or otherwise as provided by the Pledge Agreement.) All Eligible Investments purchased shall mature or be redeemable or be subject to repurchase by another entity on a date or dates prior to the time when the moneys so invested will be required for expenditure. The Trustee may make any and all such investments through its investment department or through the investment department of any financial institution which is an affiliate of the Trustee and may trade with itself or any of its affiliates in doing so. Money in separate Funds, accounts or subaccounts may be commingled for the purpose of investment or deposit. Investments shall be made under prudent investment standards reasonably expected to produce the greatest investment yields, but investments shall only be made in Eligible Investments. If the Trustee complies with the investment standard contained in the Indenture and the standards of conduct set forth in the Indenture, any investment losses shall be borne by the Fund in which the lost moneys had been deposited. The Trustee shall sell and reduce to cash a sufficient amount of such investments in the respective Fund or account whenever the cash balance therein is insufficient to pay the amount contemplated to be paid therefrom. The Trustee is specifically authorized to enter into agreements with itself or any other person, which agreements guarantee the repurchase of Eligible Investments at specific prices.

ARBITRAGE

The Authority and the Trustee covenant for the benefit of each holder of the Bonds that no use will be made of the proceeds of the Bonds or of any moneys in the Funds and that no other action shall be taken

which will cause the Bonds or any obligations subsequently issued by the Authority to be “arbitrage bonds” within the meaning of Sections 103(c) and 148 of the Code.

DISCHARGE OF INDENTURE

If the Authority shall pay or cause to be paid to the owners of all Bonds the principal of and interest due or to become due thereon at the times and in the manner stipulated therein, and shall pay or cause to be paid to the Trustee and any paying agent all sums of money due or to become due according to the provisions of the Indenture, then the estate and rights thereby granted shall cease, determine and be void, whereupon the lien of the Indenture shall be cancelled and discharged, and all covenants, agreements and obligations of Authority to the owners of such Bonds shall thereupon cease, terminate and become void and be discharged and satisfied.

EVENTS OF DEFAULT

Events of Default are set forth in the Indenture. Such events of default include, among other things:

- (1) Default in the payment of the principal of or interest on any Bond after the principal or interest has become due, whether at maturity or upon call for redemption.
- (2) Default in the performance or observance of any covenant, agreement or condition on the part of the Authority contained in the Indenture or in the Bonds (other than defaults mentioned in (1) and (3) hereof) and failure to remedy the same after notice of the default pursuant to the Indenture.
- (3) If, while any Bonds are Outstanding, the State has limited or altered adversely to the interests of the Bondowners the rights of the Authority pursuant to the Act, as in force on the date of the Original Indenture, to fulfill the terms of any agreements made with the holders of Bonds or in any way impaired the rights and remedies of holders of Bonds.

Notwithstanding anything contained in the Lease to the contrary, a failure by the Board to pay when due any payment required to be made under the Lease or a failure by the Board to observe and perform any covenant, condition or agreement on its part to be observed or performed under the Lease, resulting from a failure to appropriate moneys shall not constitute an event of default under the Lease.

NOTICE TO BONDOWNERS IF DEFAULT OCCURS

Pledge Agreement, the Collection Agreement, the Subleases or the Lease as the Trustee shall deem necessary or appropriate and in the best interest of the Bondowners;

(3) Upon the filing of a suit or other commencement of judicial proceedings to enforce any rights of the Trustee and of the Bondowners under the Indenture, the Trustee will be entitled, as a matter of right, to the appointment of a receiver or receivers of the trust estate and of the Program Revenues, issues, earnings, income, products and profits thereof (other than amounts required to be rebated to the United States Treasury under Section 148 of the Code), pending such proceedings, with such powers as the court making such appointment shall confer;

(4) Commence judicial proceedings to enforce the Indenture, and thereupon be entitled as a matter of right to the appointment of a receiver of any Project and the income and revenues therefrom (of which administrative costs, taxes, governmental and public service charges, indemnity payments and liability insurance proceeds shall be payable to the Authority) pending such proceedings, with such powers as the court making such appointment shall confer; or

(5) Terminate the Lease and while the Bonds remain unpaid, take possession of the Projects (including all books, papers and accounts pertaining thereto) in the name of and as agent for the Authority which shall retain title to such Projects, and hold, operate and manage the same, including (a) the making of repairs and improvements as the Trustee shall deem necessary, (b) the leasing of all or any part of the Facilities to another Governmental Unit or other person whose use and occupancy thereof will not adversely effect the exclusion from gross income of Bondowners for federal income tax purposes of interest paid on the Bonds, (c) collecting all income and revenues from the Projects (excluding administrative costs, taxes and governmental and public service charges, indemnity payments and liability insurance proceeds payable to the Authority) under the Lease, and (d) paying the reasonable costs and expenses of so taking, holding and managing the Projects (including compensation to the Trustee, its agents and counsel, and charges which the Trustee deems it advisable to pay and the costs of repairs and improvements) and applying the balance in accordance with the Indenture, for all of which the Trustee shall render monthly to the Authority a summarized statement of income and expenditures in connection therewith.

RIGHTS AND REMEDIES OF BONDOWNERS

No owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of the Indenture or for the execution of any trust or for the appointment of a receiver or any other remedy, unless (1) a default has occurred, (2) such default shall have become an Event of Default and the owners of not less than 25% in aggregate principal amount of Bonds then Outstanding shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers granted or to institute such action, suit or proceeding in its own name, (3) such owners of Bonds shall have offered to the Trustee indemnity as provided in the Indenture, and (4) the Trustee shall for 60 days after receipt of such request and indemnification fail or refuse to exercise the rights and remedies granted, or to institute such action, suit or proceeding in its own name; and such request and offer of indemnity are hereby declared in every case at the option of the Trustee to be

- (1) To cure any ambiguity or formal defect or omission in the Indenture;
- (2) To grant to or confer upon the Trustee for the benefit of the Bondowners any additional benefits, rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Bondowners or the Trustee, or to make any change which, in the judgment of the Trustee, is not to the material prejudice of the Bondowners;
- (3) To subject to the Indenture additional revenues, properties or collateral;
- (4) To modify, amend or supplement the Indenture or any indenture supplemental in such manner as to permit the qualification under the Trust Indenture Act of 1939 or any similar federal statute or to permit the qualification of the Bonds for sale under the securities laws of the United States of America or of any of the states of the United States of America, and, if they so determine, to add to the Indenture or any indenture supplemental such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939 or similar federal statute;

Anything in the Indenture to the contrary notwithstanding, the owners of not less than two-thirds in aggregate principal amount of the Bonds then Outstanding which are affected, with the consent of the Board, shall have the right, from time to time, to consent to and approve the execution by the Authority and the Trustee of such other indenture or indentures supplemental thereto as shall be deemed necessary and desirable by the Trustee for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that nothing shall permit, or be construed as permitting (1) without the consent of the holders of all then Outstanding Bonds, (a) an extension of the maturity date of the principal of or the interest on any Bond, or (b) a reduction in the principal amount of any Bond or the rate of interest thereon, or (c) a privilege or priority of any Bond or Bonds over any other Bond or Bonds, or (d) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental indenture, or (e) the creation of any lien other than a lien ratably securing all of the Bonds at any time Outstanding or (2) any modification of the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of the Trustee, without the written consent of the Trustee.

AMENDMENTS TO LEASE, PLEDGE AGREEMENT AND COLLECTION AGREEMENT

The Authority and the Trustee may, without the consent of or notice to the Bondowners, but only with the consent of the Board, consent to any amendment, change or modification of the Lease which does not reduce the amount of Lease Rentals thereunder if, in their respective judgment, such amendment, change or modification will not have a material adverse effect on the Bondowners. In addition, the parties to the Lease, the Pledge Agreement or the Collection Agreement may, without the consent of or notice to the Bondowners, amend the Pledge Agreement or Collection Agreement may, without the consent of or notice to the Bondowners, amend the Pledge Agreement or Collection Agreement as may be required (a) for the purpose of curing any ambiguity or formal defect or omission, (b) so as to add additional rights acquired in accordance with the provisions of such Pledge Agreement or Collection Agreement or (c) to permit a rating to be obtained for the Bonds which rating would not be less than the rating then applicable to Outstanding Bonds prior to such amendment; provided that the Trustee is first provided an opinion of Bond Counsel to the effect that such changes do not adversely affect the exclusion of interest paid on the Bonds from the gross income of Bondowners for federal income tax purposes; or (d) in connection with any other change therein which, in the judgment of the Trustee, is not to the material prejudice of the Trustee or the owners of the Bonds.

As described below under the caption "SUMMARY OF CERTAIN PROVISIONS OF THE PLEDGE AGREEMENT - Amendments to Pledge Agreement and Indenture," the holders of all Currently Outstanding Bonds other than the holders of the Series 2004 Bonds, have consented to certain amendments described therein which will permit the release of the pledge of Trust Fund Earnings, amend the term "Program Revenues" in order to remove the Trust Fund Earnings and make a corresponding change to the definition of "Trust Estate" under the Indenture. The initial purchasers of the Series 2014A Bonds shall be deemed to agree and consent to such changes on behalf of all present and future Beneficial Owners of Series 2014A Bonds and upon the payment or provision for payment of the Series 2004 Bonds, 100% of all Bondholders shall have so consented to such amendments.

Except for amendments, changes or modifications discussed in the preceding paragraphs, neither the Authority nor the Trustee shall consent to any amendment, change or modification of the Lease, the Pledge Agreement or the Collection Agreement without the mailing of notice and the written approval or consent of the owners of not less than two-thirds in aggregate principal amount of the Bonds at the time Outstanding given and procured as provided in the Indenture, except that nothing shall permit, or be construed as permitting, a reduction of the aggregate principal amount of Bonds the owners of which are

required to consent to any amendment, change or modification of the Lease, the Pledge Agreement or Collection Agreement or a reduction in, or a postponement of, the payments under any Bond without the consent of the owners of all of the Bonds then Outstanding.

SUMMARY OF CERTAIN PROVISIONS OF THE PLEDGE AGREEMENT

The Pledge Agreement contains various covenants and security provisions, certain of which are summarized below. Provisions of the Pledge Agreement summarized herein are qualified in their entirety by reference to the actual provisions set forth in such documents.

CREATION, PURPOSE AND PLEDGE AND ALLOCATION OF TUITION SUBACCOUNT

The Treasurer has established a special and irrevocable trust fund designated as the “Tuition Subaccount,” such Tuition Subaccount being held and administered by the Escrow Holder pursuant to the Pledge Agreement and being otherwise subject to the terms and provisions of such Agreement. The Facility Fees, and any Optional Deposits shall be deposited into the Tuition Subaccount and transferred to the Debt Service Fund to offset Lease Rental obligations and thereby pay principal of and interest on the Bonds. See “Disbursements for Lease Rental Payments” herein.

REPLENISHMENT OF DEBT SERVICE RESERVE FUND

In the event that the Debt Service Reserve Fund is drawn upon to pay amounts due on the Bonds, the Pledge Agreement obligates the Board to replenish the Debt Service Reserve Fund out of any legally available moneys, and, if necessary, the Board is required to take all actions necessary to obtain an appropriation and/or authorization for expenditure from the State Legislature for such purpose in the amount of such deficiency for payment to the Trustee and deposit in the Debt Service Reserve Fund. See “*SUMMARY OF CERTAIN PROVISIONS OF THE LEASE—Non-Appropriation; Limited Obligation*” herein for a description of the limitation of liability applicable to this obligation of the Board.

BONDS SUBJECT TO THE PLEDGE; ADDITIONAL BONDS

The only Bonds of the Authority that may be made subject to the benefits of the Pledge Agreement are those Bonds which are issued by the Authority, pursuant to the Indenture, and which are certified in writing by the Board, Treasurer, Authority and Escrow Holder to the Trustee as subject to the benefits of the Pledge Agreement. The Escrow Holder is directed by the Authority, the Board and the Treasurer to certify from time to time a Series of Bonds issued by the Authority, but only upon receipt of, among other things:

- (1) A written request of the Authority, the Board and the Treasurer that the Escrow Holder make such certification;
- (2) A copy of the Supplemental Resolution pursuant to which such Series of Bonds is being issued, certified by an authorized officer of the Authority; and
- (3) A written certification by or on behalf of the Board irrevocably designating such Series of Bonds as being secured by the Lease.

DISBURSEMENTS FOR LEASE RENTAL PAYMENTS

To initiate the payment process of Lease Rentals, no less than three days and no more than five days prior to any Interest Payment Date, the Trustee shall submit to the Treasurer and the Escrow Holder a

certificate required pursuant to the provisions of the Pledge Agreement setting forth the amount of Lease Rentals and other amounts then due.

Upon receipt of any such certificate from the Trustee, the Treasurer shall, no less than two days prior to the next Interest Payment Date, pay the specified Lease Rentals and other amounts out of the Tuition Subaccount to the Trustee for deposit into the Debt Service Fund and/or other application in accordance with the terms of the Indenture. The obligation of the Treasurer to make such payments is a limited obligation to pay solely out of moneys on deposit in the Tuition Subaccount. If with respect to any such payment date, the sum of all Lease Rentals and other amounts set forth in the Escrow Holder's certificate are greater than the amount on deposit in the Tuition Subaccount, the Treasurer shall disburse from the Tuition Subaccount the full amount on deposit therein to the Trustee and shall promptly notify the Board, the Authority and each Qualified Participating Institution of the amount of any insufficiency.

OTHER WITHDRAWALS FROM THE TUITION SUBACCOUNT

Within ninety (90) days after each August 1, the Board shall have the right to direct the Treasurer to withdraw any moneys remaining on deposit in the Tuition Subaccount if all other required transfers and payments have been made as of such date (including the disbursement for Lease Rentals described under the heading "Disbursements for Lease Rental Payments" above). To direct such withdrawal the Authority must first provide the Escrow Holder and the Treasurer an originally executed copy of a certificate that there is on deposit or there has otherwise been appropriated sufficient moneys to pay all amounts due or to become due within the next three months on the Lease. Upon delivery of such certificate, the Treasurer shall withdraw, or direct the Escrow Holder to withdraw, from the Tuition Subaccount such amounts as may be requested in writing by the Board and such amounts shall be withdrawn free and clear of the pledge and allocation of the Pledge Agreement. In addition to the withdrawals and disbursements described above, funds and/or investments in the Tuition Subaccount may be disbursed or transferred, as applicable, at the request of the Authority to the Trustee for deposit to any account or fund established under the Indenture at any time or from time to time upon the filing of a certificate signed by an authorized officer of the Authority which (1) certifies that the Board is presently in compliance with the rate covenant set forth in the Collection Agreement, (2) specifies the amount to be deposited and the fund or account to which the Trustee shall deposit such amount under the Indenture and (3) certifies that, following such disbursement there shall be no Event of Default existing under the Indenture or the Lease.

ACCEPTANCE OF ESCROW; AGREEMENT TO PERFORM OBLIGATIONS

The Treasurer has established the Tuition Subaccount with the Escrow Holder. The Tuition Subaccount shall receive the moneys deposited and to be deposited pursuant to the Pledge Agreement. The Escrow Holder shall perform all of the duties and obligations imposed upon it by the Pledge Agreement as well as those provisions of the Indenture.

INVESTMENTS

Any moneys held as part of the Tuition Subaccount shall be promptly invested and reinvested by the Escrow Holder upon the written direction (or telephone direction to be confirmed in writing) of the Board in any of the following investments, if and to the extent the same are not prohibited for investment of the Authority's moneys: one or more Eligible Investments as defined in the Indenture. Moneys in the Tuition Subaccount shall at all times be invested by the Trustee in investment securities having final maturities not later than 36 months or less; *provided, however*, that such moneys may be continuously invested in investment securities having no fixed maturities but which provide for the withdrawal of cash therefrom on demand. Investments may be made by the Escrow Holder through its own bond department, commercial banking department or commercial paper department.

Subject to any obligation to rebate earnings to the United States Treasury pursuant to Section 148 of the Code, all investment earnings and investment losses with respect to investment securities deposited in the Tuition Subaccount shall be credited to or against the Tuition Subaccount. The parties shall have no obligation to replace any investment losses sustained by the Tuition Subaccount. The Escrow Holder shall not be liable for any investment losses, other than as a result of gross negligence or willful default, provided that the Escrow Holder has complied with the investment directions given to it by the Authority.

LIMITED LIABILITY OF OBLIGATION

The pledge and allocation and benefits provided in the Pledge Agreement constitute an obligation which is exclusively an obligation of the Tuition Subaccount and not that of the Authority, the Board or the Treasurer or the State or any political subdivision of the State or the United States of America or any agency or department thereof. Neither the faith and credit, taxing power, general credit nor any special credit or revenue of the Authority or the State or any political subdivision of the State or the United States of America or any agency or department thereof is pledged to the payment of the obligations created by such pledge and allocation.

NON-APPROPRIATION; LIMITED OBLIGATION

Notwithstanding anything in the Pledge Agreement to the contrary, the cost and expense of the performance by the Board of its obligations and the incurrence of any liabilities of the Board under the Pledge Agreement shall be subject to and dependent upon (1) moneys being appropriated from time to time by the State Legislature and/or (2) other appropriate authorization for the expenditure of legally available funds. See “SUMMARY OF CERTAIN PROVISIONS OF THE LEASE—Non-Appropriation; Limited Liability” for a description of the limitation of liability applicable to this obligation of the Board.

ARBITRAGE COVENANT

The parties covenant that no part of the moneys or funds at any time on deposit in the Tuition Subaccount shall be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any of the Bonds to be an “arbitrage bond” as defined in Section 103(c) or Section 148 of the Code. In addition, the Authority shall not use nor direct nor permit the use of any moneys in its possession or control, including the Tuition Subaccount, in any manner, which would cause any Bond to be an “arbitrage bond” within the meaning ascribed to such term in Section 103(c) or Section 148 of the Code. To this effect the Authority shall not fail to rebate amounts to the United States of America, which action or failure would cause any Bond to be an “arbitrage bond” within the meaning ascribed to such term in Section 103(c) or Section 148 of the Code.

LIABILITY OF ESCROW HOLDER

The Escrow Holder shall not be liable or responsible for any act done or step taken or omitted by it or any mistake of fact or law or for anything which it may do or refrain from doing, except for its own negligence or default. The Escrow Holder shall not be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect of the Pledge Agreement or to advance any of its own moneys unless properly indemnified.

REPORTS AND RECORDS OF ESCROW HOLDER

The Escrow Holder shall keep or cause to be kept proper books and accounts of all transactions made with respect to the Tuition Subaccount. Such books and all other books and papers of the Escrow Holder with respect to the Tuition Subaccount shall be subject at all times to the inspection of the Authority and

the Trustee and the holders of Bonds owning an aggregate of not less than 5% in the aggregate of the principal amount of Bonds then Outstanding, or their representatives duly authorized in writing, except as may be otherwise provided by law.

The Escrow Holder, within 120 days after the close of each Fiscal Year of the Authority, shall prepare and shall file with the Authority and the Trustee, and otherwise as provided by law, a copy of a report or statement for such Fiscal Year with respect to the Tuition Subaccount, including statements in reasonable detail of income, expenses and changes in balances of the Tuition Subaccount for such period.

FEES OF ESCROW HOLDER

In consideration of the services rendered by the Escrow Holder under the Pledge Agreement, the Authority shall pay to the Escrow Holder its proper fees and expenses, to be paid annually. The Escrow Holder shall have no lien whatsoever upon and (except as otherwise expressly provided) shall not use any of the moneys or investment securities on deposit in the Tuition Subaccount for the payment of such proper fees and expenses; *provided, however*, that the Escrow Holder may, at the end of each Fiscal Year of the Authority, deduct the amount of its proper fees and expenses from the net investment income which has accrued to the Tuition Subaccount during such year, if any, and such deduction shall constitute a full discharge and payment of the Escrow Holder's fees and expenses to the extent of the amounts deducted. Extraordinary expenses of the Escrow Holder, including items other than its usual annual charge and transaction charges, may be deducted from any moneys in the Tuition Subaccount upon written authorization and approval of the Authority, but only if such net investment income is insufficient to cover such expenses and if such amounts to be so withdrawn are in excess of the Withdrawal Balance.

TERMINATION

The Pledge Agreement shall terminate as of the date on which there shall be no Bonds Outstanding under the Indenture.

AMENDMENTS

The Pledge Agreement shall not be repealed, revoked, rescinded, altered, amended or supplemented in whole or in part without (a) the written consent of the owners of 100% in principal amount of the Bonds Outstanding at the time such election is made, and (b) the written consent of the Escrow Holder; *provided, however*, that the Authority, the Board, the Treasurer and the Escrow Holder may, without the consent of, or notice to the owners of the Bonds, enter into such agreements supplemental to the Pledge Agreement for any one or more of the following purposes:

- (1) to cure or clarify an ambiguity, defect, omission, or inconsistency, or
- (2) to grant to or confer upon the Escrow Holder for the benefit of the owners of the Bonds any additional rights, remedies, powers, issues or security, or
- (3) to add to the covenants and agreements of the Authority, the Board or the Treasurer in the Pledge Agreement or to surrender any right or power reserved to or conferred upon the Authority, the Board or the Treasurer, or
- (4) to establish limitations on withdrawals from the Tuition Subaccount or for the issuance of Additional Bonds, or

(5) to make alterations to the provisions of the Pledge Agreement to accommodate changes in the Code enacted subsequent to August 1, 1992 as are necessary and desirable and are not contrary or inconsistent with the Pledge Agreement as theretofore in effect, to ensure that the interest payable on any Bonds issued under, or to be issued under, the Indenture will not be includable in the gross income of the owners thereof for purposes of Federal income taxation, or

(6) to make alterations to the provisions of the Pledge Agreement to accommodate the requirements of Section 148 of the Code as are necessary or desirable (whether or not inconsistent with the existing provisions of the Pledge Agreement), to ensure the issuance of Additional Bonds under the Indenture, the interest on which will not be includable in the gross income of the owners thereof for purposes of Federal income taxation, or

(7) to vary the provisions with respect to the operation of the special trust fund created under the Pledge Agreement, to the extent determined by the Authority to be necessary or desirable (i) to better achieve the purposes of the Program or (ii) to more closely conform to the requirements of Sections 103(c) and 148 of the Code or any amendments thereof.

AMENDMENTS TO PLEDGE AGREEMENT AND INDENTURE

At the inception of the Program, Trust Fund Earnings (i.e., earnings on (but not the corpus of) the statutorily created Technical Institutes Facilities Fund which currently consists of \$1,500,000 which was appropriated by the South Dakota Legislature for deposit therein) were pledged to the Tuition Subaccount for purposes of securing all Bonds and were transferred annually for deposit in the Tuition Subaccount as security for the Bonds. As such, these Trust Fund Earnings were included as “Program Revenues” and were part of the “Trust Estate” pledged under the Indenture to secure Bonds. In connection with the issuance of the Series 2007 Bonds and in connection with the issuance of each subsequent series of Bonds thereafter, the related supplemental indenture provided that all purchasers and subsequent holders of such newly issued Bonds (including the Series 2007 Bonds, the Series 2008 Bonds, the Series 2010A Bonds, the Series 2010B Bonds, the Series 2010C Bonds, the Series 2011A Bonds and the Series 2012A Bonds), consented to any future amendment to Section 13-39-69 of the South Dakota Codified Laws and amendments to the Indenture, Pledge Agreement and any other documentation securing the Bonds in order to provide for the irrevocable and unconditional release of the Trust Fund Earnings from the definition of “Program Revenues,” the removal of such earnings from the pledged Trust Estate under the Indenture and the cancellation of the pledge and assignment thereof under the Pledge Agreement as security for the Bonds.

In March 2014, the South Dakota Legislature enacted amendments to Section 13-39-69 of the South Dakota Codified Laws authorizing, upon release and satisfaction of any collateral requirements such as those then existing under the Indenture and Pledge Agreement with respect to Trust Fund Earnings, the transfer of \$1,500,000 from the current balance of the Technical Institutes Facilities Fund to a newly created Postsecondary Technical Institute Equipment Fund to finance equipment purchases for the Qualified Participating Institutions.

The Fifteenth Supplemental Indenture provides that the initial purchasers of the Series 2014A Bonds agree and consent on behalf of all present and future Beneficial Owners of Series 2014A Bonds to the amendments described above. Since the holders of all Currently Outstanding Bonds other than the holders of the Series 2004 Bonds, have already consented to such amendments, upon the payment or provision for payment of the Series 2004 Bonds, 100% of all Bondholders shall have so consented to such amendments. As a result, from and after payment or defeasance of the Series 2004 Bonds, neither the “Trust Estate” nor “Program Revenues” shall include any earnings realized upon investment of the

Technical Institutes Facilities Fund and the Trust Fund Earnings shall no longer be pledged to secure Bonds under the Indenture or the Pledge Agreement.

**SUMMARY OF CERTAIN PROVISIONS
OF THE COLLECTION AGREEMENT**

The following is a summary of certain provisions of the Collection Agreement among the Treasurer, the Board, the Escrow Holder and the Qualified Participating Institutions, to which Collection Agreement reference is made for a complete recital of its terms.

PURPOSE OF AGREEMENT

The purpose of the Collection Agreement is to provide for the collection by each of the Qualified Participating Institutions of Facility Fees from enrolled students. The Facility Fees are required to be assessed for each quarterly term to all students who enroll at the Qualified Participating Institutions. The Facility Fees are non-refundable.

The Collection Agreement requires the Qualified Participating Institutions to collect Facility Fees and deposit them in an interest account pending the monthly payment of such Facility Fees to the Escrow Holder for deposit in the Tuition Subaccount. The monthly payments to the Escrow Holder are required to be made on the 15th day of each month so long as there are any Bonds Outstanding.

RATE COVENANT

In the Collection Agreement, the Board and each Qualified Participating Institution acknowledge and agree that the Qualified Participating Institutions shall charge, collect and pay over Facility Fees in each Academic Year which are estimated to be sufficient, together with the Appropriated Payments and any other Program Revenues projected to be available therefor, to equal or exceed one hundred three (103%) of scheduled Debt Service on all Outstanding Bonds required to be paid for the 12-month period commencing on August 1 in the next succeeding calendar year and program expenses. The Collection Agreement establishes a procedure and a timeline for making such calculations on an annual basis so that the Facility Fees can be adjusted as necessary to provide for sufficient time to impose and collect increased fees which are projected to be adequate to pay current scheduled debt service without assuming any increases in Appropriated Payments.

PLEDGE AND ALLOCATION

Pursuant to South Dakota law, the Board has irrevocably pledged, assigned and transferred, and the Treasurer has confirmed acceptance and agreement to such irrevocable pledge, assignment and transfer, of all the right, title and interest of the Board in and to the Facility Fees receivable under the Collection Agreement.

COVENANT TO SEEK APPROPRIATIONS

The Board covenants and agrees in the Collection Agreement provides that if at any time the Board is advised by the Authority or the Trustee or otherwise becomes aware or determines that the Facility Fees, Appropriated Payments and other amounts available for payment of scheduled Debt Service may be deficient in any manner, the Board shall immediately seek from the Legislature an increase in Appropriated Payments in amounts and to be available on the dates required to remedy such a deficiency. The Board shall provide notice to the Authority and the Trustee of any action required to be taken pursuant to this covenant, and shall provide periodic updates to the Authority and the Trustee of progress

made in connection therewith. **The South Dakota Legislature is under no obligation to approve such appropriations.**

Limited Liability of Obligation

The cost and expense of the performance by the Qualified Participating Institutions of their obligation under the Collection Agreement and the incurrence of any liabilities by each of the Qualified Participating Institutions thereunder shall be subject to and dependent upon moneys being made legally available from time to time by the Board upon its approval of the budget for each of the Qualified Participating Institutions for their vocational education programs. To effectuate the foregoing limitation, the Director of each Qualified Participating Institution is required to notify the Board in a timely manner of the appropriate fee or charge which should be included in the Qualified Participating Institution's budget for each fiscal year in order to provide for the performance of the obligations of the Qualified Participating Institutions under the Collection Agreement.

Neither the full faith and credit nor the taxing powers of any South Dakota School District (including any Qualified Participating Institution) is pledged for the payment of Facility Fees or any other amount under the Collection Agreement. The sole obligation of the Qualified Participating Institutions under the Collection Agreement is to assess, collect, deposit and pay over the Facility Fees as provided therein.

TERMINATION OF AGREEMENT

The Collection Agreement shall terminate no earlier than one business day after the date on which there are no Bonds Outstanding under the Indenture. Thereafter, the Collection Agreement shall be terminable at the option of the Board.

AMENDMENT

The Collection Agreement permits certain amendments thereto without the written consent or notice to Owners of the Bonds provided such amendments shall not adversely affect the rights of the Owners of the Bonds under the Indenture and shall not be inconsistent with the terms and the provisions of the Collection Agreement. Such amendments may be entered into for any one of several purposes, including for the purpose of curing ambiguities or formal defects or omissions, to grant or confer additional rights, remedies, powers, issues or security to the Escrow Holder for the benefit of Bondholders, to add to the covenants and agreements of the Board, the Qualified Participating Institutions or the Treasurer, to increase (but not reduce) the amount of Facility Fees or to accommodate amendments to the Code.

ESCROW HOLDERS; SUCCESSORS

The Escrow Holder under the Collection Agreement shall be the same institution acting as Escrow Holder under the Pledge Agreement and Trustee under the Indenture. The Escrow Holder under the Collection Agreement may be replaced by a successor institution in the same manner and subject to the same terms as set forth in the Indenture.

SUMMARY OF CERTAIN PROVISIONS OF THE LEASE

The following is a summary of certain provisions of the form of Lease to be entered into between the Authority and the Board to which reference is made for a complete recital of its terms.

REPRESENTATION BY THE BOARD

The Board represents it has authority to enter into the Lease and has duly authorized the execution and delivery of the Lease.

The Board represents that all of the proceeds of the Bonds made available to the Board will be used for the acquisition of land or capital improvements for use in the provision of post secondary vocational education, including costs associated with the cost of financing such Projects or the refunding of bonds or Bonds issued therefor; and that the Board will take no action which will impair the tax exempt status of the Bonds.

ACQUISITION OF PROJECTS

By the terms of the Lease the Board shall cause to be conveyed and transferred to the Authority fee simple title, subject only to Permitted Encumbrances, to the Projects, including the sites on which the Projects will be constructed. The Authority, in turn, leases such Projects to the Board for the Lease Term.

CONSTRUCTION AND INSTALLATION OF THE PROJECTS

The Board agrees, as agent for the Authority, to cause the Projects to be acquired, installed and constructed in accordance with plans approved by the Board.

The Board may not make, authorize or permit changes or amendments in the plans or construction contracts which will cause the total estimated cost of completing the Projects to exceed the amount on hand in the applicable Project Subaccounts plus the funds committed or reserved for such purpose (as certified by the Board to the Trustee); *provided, however*, that nothing in the Lease shall restrict or limit the power of the Board to make such changes as may be reasonably determined necessary or desirable.

The Board agrees that it will cause insurance and performance bonds to be maintained during the installation period in accordance with the provisions of the Lease and that it will complete installation of the Projects with all reasonable dispatch and in any event no later than three (3) years from the Closing Date, except only as completion may be delayed by any reason beyond a reasonable control of the Board for which a reasonable extension of the time of completion shall be granted as determined by the Trustee, provided that if the Projects are not completed by that date there shall be no resulting liability on the part of the Authority and no abatement or diminution in the payment required to be made by the Board under the Lease.

DEPOSIT OF BOND PROCEEDS

The proceeds of the Series 2014A Bonds will be disbursed as provided herein under "ESTIMATED APPLICATION OF SERIES 2014A BOND PROCEEDS AND OTHER FUNDS".

POSSESSION AND USE

The Authority shall deliver to the Board sole and exclusive possession of the Projects, subject to the rights of the Authority under the Lease, and covenants and agrees that it will not take any action other

than pursuant to the Lease during the term of the Lease, and will, at the request and expense of the Board, cooperate with the Board to secure such possession and enjoyment. The Board accepts possession of the Projects on the date of the execution and acknowledgment of the Lease. Its right of possession shall continue until the term of the Lease expires or is terminated as provided in the Lease. The Board shall have the right to use the Projects throughout the term of the Lease, provided that all uses shall conform to the policies and purposes of the Act.

LEASE RENTAL PAYMENTS

Subject only to the limitations set forth under the heading “Non-Appropriation; Limited Obligation” herein, (i) commencing on the 28th day of each January and July so long as the Bonds are Outstanding, the Board covenants to pay or cause to be paid as a portion of the Lease Rentals under the Lease an amount equal to the interest due on all the Outstanding Bonds on the next February 1 or August 1, as applicable, and (ii) and on each January 28 and each July 28th so long as the Bonds are Outstanding, the Board also covenants to pay or cause to be paid as a portion of the Lease Rentals under the Lease an amount equal to one-half of the principal due on the next August 1 by reason of maturity or earlier redemption of any such Bonds (the amounts under (i) and (ii) above are collectively referred to as the “*Lease Rentals*”). Such Lease Rentals are required to be paid to the Trustee in the amounts and at the times indicated above for deposit to the Debt Service Fund so that on each February 1 and August 1 on which any payment is due with respect to the Outstanding Bonds, there shall be on deposit in the Debt Service Fund (after taking into account the other Program Revenues required or permitted to be transferred under the Indenture and the Pledge Agreement from the Tuition Subaccount to the Debt Service Fund) an amount which is fully sufficient to pay the principal of and premium and interest on such Outstanding Bonds on each Interest Payment Date.

Whenever Lease Rentals or other amounts are due and payable, the Trustee is required to first transfer, or cause the Treasurer or Escrow Holder to transfer, from the Tuition Subaccount to the Debt Service Fund the amount available to the extent necessary to pay such Lease Rentals or other amounts due, provided that if such amounts are for any reason insufficient, the Trustee shall promptly send written notice of such insufficiency to the Board, with copies of such notice to be given to the Escrow Holder, the Treasurer and the Authority and the Trustee shall proceed against the Board under the Lease.

NON-APPROPRIATION; LIMITED OBLIGATION

Notwithstanding anything in the Lease to the contrary, the cost and expense of the performance by the Board of its obligations under the Lease and the incurrence of any liabilities of the Board under the Lease, including, without limitation, the payment of all Lease Rentals and all other amounts required to be paid by the Board under the Lease, shall be subject to and dependent upon moneys being made legally available from time to time, including Appropriated Payments. In order to effectuate the foregoing, the Board has agreed in the Lease that the Secretary of the Department of Education shall include in the Board’s budget for the next occurring Fiscal Year an amount sufficient to pay all of the Lease Rentals and other amounts scheduled to become due in the next occurring Fiscal Year. The South Dakota legislature is under no obligation to approve such appropriations.

If, on April 1 of any Fiscal Year, sufficient funds or expenditure authority have not been made available, whether through appropriations of the State Legislature or from federal assistance or otherwise for the purpose of paying Lease Rentals and other amounts scheduled to be paid in the next occurring Fiscal Year, the Board shall deliver written notice thereof (a “*notice of non-appropriation*”) to the Trustee, within 10 calendar days of such April 1. Upon the Trustee’s receipt of a notice of non-appropriation, the Lease Term for all of the Projects shall terminate, as of the end of the then current Fiscal Year; *provided, however*, such termination shall not become effective at the end of the then current Fiscal Year if, prior to

the end of such Fiscal Year, the Board shall deliver to the Trustee a written statement to the effect that it reasonably expects sufficient funds for the next occurring Fiscal Year to be appropriated therefor, and in such event the Lease Term shall continue to the next Fiscal Year so long, but only so long, as there is an appropriation or other amounts become legally available for expenditure to pay all such Lease Rentals and other amounts scheduled to be paid in such next Fiscal Year.

In addition to the foregoing, and by way of further limitation, neither the faith and credit nor the taxing powers of the State is pledged for the payment of Lease Rentals or any other amount thereunder and the obligations of the Board under the Lease shall not be obligations of or enforceable against the State. The Board has no taxing powers.

A failure to pay Lease Rentals as to any Project shall constitute a failure to pay Lease Rentals as to all Projects.

ADDITIONAL PAYMENTS

Subject to the limitations expressed above under the heading “Non-Appropriation; Limited Obligation,” the Board agrees to pay to the Authority, upon demand, as payments under the Lease, all reasonable service fees incurred by the Authority in relation to the Projects which are not otherwise required to be paid by the Board under the terms of the Lease. The Board also agrees to pay to the Trustee and Escrow Holder as payments under the Lease, all reasonable fees and expenses incurred by the Trustee with regard to the performance of its duties under this Lease or the Indenture.

BOARD’S UNCONDITIONAL OBLIGATIONS

Subject in all events to the limitations described under “Non-Appropriation; Limited Liability” under this caption, the obligation of the Board to pay all Lease Rentals and other payments required under the Lease shall be otherwise absolute and unconditional. All Lease Rentals and other payments mentioned above shall be paid without notice or demand and without set off, counter claim, abatement, deduction or defeasance. The Board shall have no power to terminate the Lease for any cause, including, but not limited to, any acts or circumstances that may constitute failure of consideration, destruction of or damage to the Projects, eviction by paramount title, commercial frustration of purpose, bankruptcy or insolvency of the Authority or the Trustee, change in the tax or other laws or administrative rulings or actions of the United States of America or of the State or any political subdivision thereof, or failure of the Authority to perform and observe any agreement, whether express or implied, or any duty, liability, or obligation arising out of or connected with this Lease.

BOARD’S REMEDIES

If the Authority should fail to perform any of its agreements in the Lease, the Board may institute such action against the Authority as the Board may deem necessary so long as such action shall not violate the Board’s unconditional obligations. The Board may, at its own cost and expense and in its own name, prosecute or defend any action or proceeding against third parties or take any other action which the Board deems reasonably necessary in order to insure the acquisition, construction, and installation of the Projects and to secure or protect its right of possession and use of the Projects under the Lease. In such event, the Authority agrees to cooperate fully with the Board and to take all action necessary to effect the substitution of the Board for the Authority in any such action or proceeding if the Board shall so request and agree to any and all costs and expenses and agree to indemnify the Authority and save it harmless against any risks, claims, or liabilities arising out of such action.

RATES AND CHARGES

Subject in all events to the limitations described above under “Non-Appropriation; Limited Liability” the Board covenants and agrees to use its best efforts, to operate the Projects in a manner so as to pay all necessary operating expenses and to pay all Lease Rentals due.

MAINTENANCE

During the term of the Lease, the Board will at its own expense keep the Projects in good repair and good operating condition and in as safe condition as its operations will reasonably permit, making all repairs thereto and renewals and replacements thereof which may be necessary for this purpose, so that the Projects will remain suitable and efficient for use in the operation of the Board’s programs.

MODIFICATIONS TO THE PROJECTS

The Board may, from time to time at its own expense, make any additions, modifications, or improvements to the Projects that it may deem desirable for its purposes and may remove Leased Equipment, provided that such additions, modifications, improvements, or replacements do not materially restrict the scope, character or operation of the Projects or impair the exemption of interest on the Bonds from Federal income taxes.

GOVERNMENTAL CHARGES AND UTILITY CHARGES

The Board will pay during the term of the Lease, as the same respectively become due, all governmental charges and utility charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Projects or other property acquired by the Board in substitution for, as a renewal or replacement of, or a modification, improvement, or addition to the Projects or Leased Equipment and other charges incurred in the operation, maintenance, use, and upkeep of the Projects.

INSURANCE REQUIREMENTS

The Board agrees to insure the Projects against fire, vandalism, malicious mischief and other perils covered under the usual extended coverage endorsement in an amount equal to the greater of (1) the replacement cost of the Projects or (2) the Outstanding principal amount of the Bonds, by means of policies issued by reputable insurance companies duly qualified to do such business in the State. As an alternative, the Board may insure the Projects under a blanket policy or policies which cover not only the Projects but other properties for the amounts specified in (1) above or such coverage as may be afforded through a builders risk policy. All policies evidencing insurance required shall be such as are acceptable to the Trustee, shall be carried in the names of the Board, the Authority and Trustee as their respective interests may appear and shall contain loss-payable clauses providing that all Net Proceeds of insurance resulting from claims for loss or damage covered thereby shall be paid to the Trustee as its interest appears.

PUBLIC LIABILITY INSURANCE

The Board agrees that it will carry public liability insurance with respect to its activities on the land with one or more reputable insurance companies in amounts acceptable to the Trustee and the Authority. The Authority shall be made an additional insured under such policies, or such policies may provide that all of the lessors of and owners of property leased by the Board are insured in lieu of naming the Authority specifically. Such insurance may be by blanket insurance policy or policies. The Net Proceeds of

insurance shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

ADDITIONAL PROVISIONS RESPECTING INSURANCE

Each insurance policy provided for in the Lease shall contain a provision to the effect that the insurance company shall not cancel the policy or modify it materially and adversely to the interest of the Authority or Trustee without first giving written notice thereof to the Authority and Trustee at least thirty (30) days in advance of such cancellation or modification. Such policies may provide for reasonable deductible amounts but may not provide for coinsurance. As an alternative to any insurance coverage required, the Board may, with notice to the Authority and Trustee, participate in certain risk pool coverage programs.

ADVANCES

The Lease contains provisions for the advance of moneys in the Project Subaccount to pay for costs of the Related Project subject to certain conditions precedent, including a certificate as to completion of improvements, the absence of unsatisfied claims for labor or materials and compliance with plans, specifications and laws applicable to the Projects.

REPAIR, REPLACEMENT, OR RESTORATION

If the Project is partly destroyed or damaged, or condemned or taken by eminent domain, all Net Proceeds of any insurance award in connection with such damage or destruction shall be paid directly to the Trustee who will: (1) apply such Net Proceeds to the payment of the costs of repair, replacement, or restoration upon such items as it may reasonably require and (2) apply any balance of the Net Proceeds remaining after payment of all costs of any repair, replacement, or restoration to reduce the principal of the Series 2014A Bonds. If the Net Proceeds are not sufficient to pay the costs of repair, replacement or restoration in full, the Board will nonetheless complete the same and will pay that portion of the cost thereof in excess of the amount of the Net Proceeds.

In the event any Project is totally destroyed or taken in its entirety by condemnation or eminent domain, the Lease Term shall be terminated and all Net Proceeds of any insurance claim or condemnation award shall be paid to the Trustee to be applied by the Trustee as a credit against the Purchase Option Price applicable to such Project.

The Board shall not, by reason of any damage, destruction or condemnation or the payment of any costs of repair, replacement or restoration, be entitled to any reimbursement from the Authority or any abatement or diminution of the Lease Rentals payable under the Lease or the other sums payable by the Board.

INSPECTION AND ACCESS

The Board agrees that the Authority, the Trustee and their duly authorized agents shall have the right at all reasonable times to examine and inspect the Projects and shall have such rights of access as may reasonably be necessary in order to satisfy themselves that the provisions of the Lease are being complied with, and further, to have access sufficient to cause the Projects to be properly maintained in accordance with the Lease in the event of failure by the Board to perform its obligations thereunder.

BOARD'S ASSURANCE OF TAX EXEMPTION

In order to assure that the interest on any series of tax-exempt Bonds shall at all times not be included in gross income for Federal income tax purposes, the Board represents and covenants with the Authority, the Trustee and all holders of Bonds that it will not perform any acts or enter into any agreements that shall have the effect of causing the Bonds or any Series thereof to become private activity bonds within the meaning of Section 144 of the Code.

PARTIAL PREPAYMENT OF RENTS AND BONDS

The Board may, at any time on which the Indenture for such Series permits a corresponding prepayment of Series 2014A Bonds, transmit funds to the Trustee, in addition to amounts, if any, otherwise required to be paid at that time pursuant to the Lease, and direct that said money be utilized for the prepayment or redemption of the Series 2014A Bond of such Series or installments thereof which are then or will be redeemable; and, in the event of mandatory redemption of the Series 2014A Bonds of such Series under the terms of the Indenture for such Series, the Board shall transmit funds to the Trustee as necessary to comply with the terms of such redemption.

TERMINATION OF LEASE TERM

The Lease Term will terminate upon the earliest of any of the following events:

- (1) In the event of non-appropriation of funds as contemplated by the Lease;
- (2) The payment by the Board of the then applicable Purchase Option Price as contemplated in the Lease; or
- (3) The payment by Board of all Lease Rentals and other amounts scheduled to be paid during the entire Lease Term.

RETURN OF PROJECTS

Upon the termination of the Lease Term (i) prior to the payment of all Lease Rentals scheduled therefor and (ii) without the payment of the Purchase Option Price, the Board shall convey its interests in the Projects to the Authority subject to any Permitted Encumbrances, at the Board's expense, in the condition, repair, appearance and working order required under the Lease within ten days of such termination in accordance with the instructions of the Trustee; and the Board shall deliver to the Authority and the Trustee all necessary documents to evidence such conveyance. Upon receipt of such conveyance, the Authority may re-let the same in such manner as permitted under the Lease, and the Board shall have no further rights whatsoever with respect thereto; except that, in the event that such Project shall be re-let or sold by the Authority and the amount received from such re-letting or sale, less all costs thereof, shall be greater than the then applicable amount necessary to pay the Purchase Option Price with respect to all of the Outstanding Related Amount of Bonds, then any balance of such amounts in excess shall be paid to the Board.

EFFECT OF TERMINATION

Upon the termination of the Lease Term for the reason referred to in (1) above under the heading "Termination of Lease Term," the Board shall not be responsible for the payment of any additional Lease Rentals scheduled to become due in any succeeding Fiscal Year, except to the extent that moneys are legally available for such purpose, except that if the Board has not delivered possession of any Project to

the Authority in accordance with the provisions of the Lease described above under the heading “Return of Projects,” the termination of such Lease Term shall nevertheless be effective, but the Board shall be responsible for the payment of damages in an amount equal to the amount of the Lease Rentals which would have accrued for such Project, when calculated on a daily basis, for the period during which the Board fails to return such Project and for any other loss suffered by the Authority as a result of the Board’s failure to take such actions as required.

Upon the termination of the Lease Term for the reason stated in (2) above under the heading “Termination of Lease Term,” the Board shall be responsible for the payment of an amount equal to the then applicable Purchase Option Price. If no “Event of Default” has occurred and is continuing under the Indenture, the Board may elect to terminate the Lease Term applicable to one or more Projects by the payment of the Purchase Option Price with respect to any such Project or Projects. To implement this provision, the Board shall designate in writing to the Authority any such Project and the related Purchase Option Price applicable thereto and direct the Authority to redeem the Related Amount of Series Bonds on the first date on which such Bonds are subject to redemption pursuant to the Indenture.

TERMINATION UPON RETIREMENT OF BONDS

At any time when no principal of the Bonds remains outstanding and arrangements satisfactory to the Trustee and Authority have been made for the discharge of all other accrued liabilities under the Lease, the Board may, at its option, terminate this Lease by giving written notice thereof to the Authority and purchase the Facilities in the manner provided for in the Lease.

EVENTS OF DEFAULT

Board shall be deemed in default when:

- (1) The Board fails to pay in full any Lease Rentals or other payments required to be paid at the time and in the manner specified in the Lease; or
- (2) The Board fails to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in the Lease, for a period of ten (10) days after written notice specifying such failure and requesting that it be remedied is given to Board by the Trustee, unless the Trustee shall agree in writing to an extension of such time prior to its expiration.

REMEDIES ON DEFAULT

Whenever any event of default shall have happened and be continuing, the Authority or the Trustee shall have the right, without any further demand or notice, to take one or any combination of the following remedial steps:

- (1) Terminate, effective as of the next Lease Rental payment date, the Lease Term and upon such termination the Board shall be responsible for certain payments required by the Lease (as described above under “Effect of Termination”);
- (2) Take whatever action at law or in equity may appear necessary or desirable to collect the Lease Rentals or other payments then due, or to enforce performance and observance of any obligation, agreement or covenant of Board under the Lease (but subject to the limitations herein set forth under “Non-Appropriation; Limited Obligation”);

- (3) Exercise any rights to which it is entitled as a secured party with respect to all or any part of the Projects;
- (4) Require the Board to furnish copies of all books and records of the Board pertaining to the Facilities;
- (5) Enforce the Pledge Agreement and apply amounts received thereunder in accordance with the Pledge Agreement;
- (6) Exclude the Board from possession or use of any or all of the Projects;
- (7) Take whatever action at law or in equity may appear necessary or appropriate to collect the Lease Rentals, Purchase Option Price and Appropriated Payments then due, or to enforce performance and observance of any obligation, agreement, or covenant of the Board under and subject to all terms and conditions of the Lease; and
- (8) Terminate the Lease and re-let the Projects to another governmental unit or such other person the use of the Projects by which will not adversely effect the exclusion of interest paid on the Bonds from the gross income of the owners thereof for federal income tax purposes.

ASSIGNMENT AND SUBLEASING BY AUTHORITY

The Lease may be assigned in whole or in part, and the Projects may be subleased as a whole or in part, by the Board upon certain further conditions including:

- (1) No assignment or subletting shall relieve the Board from primary liability for any of its obligations, and in the event of any such assignment or subletting the Board shall continue to remain primarily liable for the payment of the Lease Rentals specified in the Lease and for performance and observance of the other agreements on its part provided to be performed and observed by it; and
- (2) Any assignment or sublease from the Board must retain for the Board such rights and interests as will permit it to perform its obligations under the Lease, and any assignee from the Board shall assume the obligations of the Board to the extent of the interest assigned.

ASSIGNMENT BY THE AUTHORITY

The Authority may assign its rights and grant a security interest under its interest in, and pledge any moneys receivable under or pursuant to, the Lease to the Trustee pursuant to the Indenture as security for payment of the principal of and interest on the Bonds.

RESTRICTIONS ON TRANSFER AND ENCUMBRANCES OF PROJECTS BY THE AUTHORITY

The Authority agrees that, except as otherwise provided in the Lease or contemplated by the Indenture, it will not sell, assign, transfer, convey or otherwise dispose of the Projects or any portion thereof during the term of the Lease and that it will not, to the extent permitted by law, create or suffer to be created any debt, lien or charge thereon or make any pledge or assignment of or create any lien or encumbrance upon the rents, revenues and receipts derived from the sale, lease or other disposition of the Projects other than as provided in the Lease.

AMENDMENTS, CHANGES AND MODIFICATIONS

Except as otherwise provided in the Lease, until the Indenture is satisfied and discharged with respect to the Bonds in accordance with its terms, the Lease may not be effectively amended, changed, modified, altered, or terminated except as provided in the Indenture.

TAX EXEMPTION

GENERAL

The Internal Revenue Code of 1986, as amended (the “Code”), contains a number of requirements and restrictions that apply to the Series 2014A Bond from and after the date of issuance of the Series 2014A Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of Series 2014A Bond proceeds and the facilities financed or refinanced therewith, and certain other matters. The Authority, the Board and the Qualified Participating Institutions have covenanted to comply with all requirements of the Code that must be satisfied in order for interest on the Series 2014A Bonds to be excludable from gross income. Failure to comply with certain of such requirements could cause interest on the Series 2014A Bonds to become includable in gross income retroactive to the date of issuance of the Series 2014A Bonds.

Subject to the condition that the Authority, the Board and the Qualified Participating Institutions comply with the above-referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Series 2014A Bonds is excluded from gross income of the owners thereof for federal income tax purposes. Interest on the Series 2014A Bonds will not be included as an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, interest on the Series 2014A Bonds will be included in “adjusted current earnings” of certain corporations for purposes of computing the alternative minimum tax for such corporations.

In rendering its opinion, Bond Counsel will rely upon certifications of the Authority, the Board, the Qualified Participating Institutions and certain other parties with respect to certain material facts solely within their knowledge relating to the facilities to be financed or refinanced with the Series 2014A Bonds, the application of the proceeds of the Series 2014A Bonds and certain other matters pertinent to the tax exemption of the Series 2014A Bonds.

Ownership of the Series 2014A Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, (i) corporations subject to the branch profits tax, (ii) financial institutions, (iii) certain insurance companies, (iv) certain Subchapter S corporations, (v) individual recipients of Social Security or Railroad Retirement benefits, (vi) taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations, and (vii) individuals otherwise eligible for the earned income tax credit. Prospective purchasers of the Series 2014A Bonds should consult their tax advisors as to the applicability of any such collateral consequences.

BOND PREMIUM

An amount equal to any excess of the purchase price of a Series 2014A Bond over the principal amount payable at maturity of such Series 2014A Bonds constitutes amortizable Series 2014A Bond premium that may not be deducted for federal income tax purposes. A purchaser of a Series 2014A Bond must amortize any premium over such Series 2014A Bond’s term using constant yield principles, based on the Series 2014A Bond’s yield to maturity. As Series 2014A Bond premium is amortized, the purchaser’s basis in such Series 2014A Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to such purchaser. This reduction will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on the sale

or disposition of such Series 2014A Bond prior to its maturity. Even though the purchaser's basis is reduced, no federal income tax deduction is allowed. Purchasers of any Series 2014A Bonds at a premium, whether at the time of initial issuance or subsequent thereto, should consult with their own tax advisors with respect to the federal, state and local tax consequences of owning such Series 2014A Bonds.

MARKET DISCOUNT

If a Series 2014A Bond is purchased at any time (other than in the initial public offering) for a price that is less than the Series 2014A Bond's stated redemption price at maturity, the purchaser may be treated as having purchased a Series 2014A Bond with market discount subject to the market discount rules of the Code (unless a statutory *de minimis* rule applies). Accrued market discount is treated as taxable ordinary income and is recognized when a Series 2014A Bond is disposed of (to the extent such accrued discount does not exceed gain realized) or, at the purchaser's election, as it accrues. The applicability of the market discount rules may adversely affect the liquidity or secondary market price of such Series 2014A Bond. Purchasers should consult their own tax advisors regarding the potential implications of market discount with respect to the Series 2014A Bonds.

PENDING AND FUTURE LEGISLATION; OTHER CONSIDERATIONS

From time to time, there are Presidential proposals and legislative proposals in Congress that, if enacted into law, could eliminate or reduce the exclusion of the interest on the Series 2014A Bonds from gross income for federal income tax purposes or that might otherwise adversely affect the benefit of such exclusion or the value or marketability of the Series 2014A Bonds. No prediction can be made as to whether any such provisions will be enacted as proposed or concerning other future legislation which, if passed, might affect the tax treatment of interest on the Series 2014A Bonds. Prospective purchasers should consult with their own tax advisors regarding the Jobs Act and any other pending or proposed federal income tax legislation.

Bond Counsel's opinion is based on existing law, which, as noted above, is subject to change. Such opinion is further based on factual representations made to Bond Counsel as of the date thereof. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention, or to reflect any changes in law that may thereafter occur or become effective. Moreover, Bond Counsel's opinion is not a guarantee of a particular result, and is not binding on the IRS or the courts; rather, such opinion represents Bond Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinion.

RATING

Moody's Investor Service ("*Moody's*") has assigned the Series 2014A Bonds a rating of " ". Such credit rating reflects only the views of the credit rating agency. An explanation of the significance of such rating by Moody's may be obtained from Moody's Investor Service, 7 World Trade Center, 250 Greenwich Street, New York, NY 10007.

There is no assurance that either of such rating will continue for any given period of time or will not be revised downward or withdrawn entirely Moody's, if in its judgment circumstances so warrant. Any such revision or withdrawal of such rating may have an adverse effect on the market price of the Series 2014A Bonds. Such rating is not to be construed as a recommendation of the rating agency to buy, sell or hold the Series 2014A Bonds, and the rating assigned by the rating agency should be evaluated independently.

LEGAL MATTERS

All legal matters incidental to the authorization and issuance of the Series 2014A Bonds by the Authority are subject to the approval of Bond Counsel, Perkins Coie LLP, Chicago, Illinois, whose approving opinions will be delivered with the Series 2014A Bonds. Certain matters will be passed upon for the Authority by its General Counsel, Murphy, Goldammer & Prendergast, L.L.P., Sioux Falls, South Dakota. Certain legal matters will be passed upon for the Board and the Treasurer by the South Dakota Attorney General. Certain legal matters will be passed upon for the Underwriter by Perkins Coie LLP, Chicago, Illinois.

LITIGATION

There is not now pending any litigation restraining or enjoining the issuance or delivery of the Series 2014A Bonds or questioning or affecting the validity of the Series 2014A Bonds or the proceedings and authority under which they are to be issued. Neither the creation, organization or existence, nor the titles of a quorum of the present members or other officers of the Authority to their respective offices is being contested or questioned. There is no litigation pending which in any manner questions the right of the Authority to enter into the Indenture, the Pledge Agreement or the Lease or to secure the Series 2014A Bonds in the manner provided in the Indenture and the Act.

CONTINUING DISCLOSURE

The Board will enter into a Continuing Disclosure Undertaking with respect to the Series 2014A Bonds, to assist the Underwriter in complying with Rule 15c2-12(b)(v) of the Securities and Exchange Commission (the “*Rule*”). The form of the Undertaking is included as APPENDIX C hereto. The Undertaking will be for the benefit of the holders and Beneficial Owners of the Series 2014A Bonds. Under the Undertaking, the Board will be obligated to send certain information annually and to provide notice of certain events to certain information repositories pursuant to the requirements of the Rule, all as described therein. Failure to comply with the terms of the Undertaking will not constitute an Event of Default under the Indenture, the Lease or the Subleases.

The delivery of the Continuing Disclosure Undertaking is a condition precedent to the obligation of the Underwriter to purchase the Series 2014A Bonds.

The disclosure required by the Continuing Disclosure Undertakings is in addition to and does not replace notices to be given to, or documents or information to be made available to or subject to the inspection of, Bondholders as required by the Indenture.

In accordance with the disclosure requirements of the Rule, the Board represents that it has not failed to comply, and it has no knowledge that any Participant has failed to comply, in any material respect, with any previous undertaking in a written contract or agreement specified in paragraph (b)(5)(i) of the Rule.

UNDERWRITING

The Series 2014A Bonds are being purchased by Dougherty & Company LLC (the “*Underwriter*”). The Underwriter has agreed to purchase the Series 2014A Bonds at a purchase price of \$ _____, reflecting an Underwriter’s discount of \$ _____ and a reoffering premium of \$ _____. The Underwriter may make offers and sales to dealers (including dealers depositing Series 2014A Bonds into investment trusts) and others, and may deposit Series 2014A Bonds into investment trusts under its control, at prices or yields lower than the initial public offering prices stated on the cover page hereof. The Underwriter reserves the right to join with, and offer to sell to, dealers and other underwriters in

offering the Series 2014A Bonds to the public. The initial public offering prices may be changed from time to time by the Underwriter.

APPENDIX B

THE STATE OF SOUTH DAKOTA

This Appendix sets forth certain information with respect to the state's financial condition and economy.

The State Government

The state of South Dakota entered the Union on November 2, 1889 as the 39th state. The state has a strong governor-bicameral legislative form of government. The Governor may be elected for two consecutive four-year terms. The Governor appoints all heads of state departments, as well as the Commissioner of Finance and Management, who serve at the pleasure of the Governor. The state legislature is composed of a 35-member Senate and a 70-member House of Representatives. Legislators are elected for two-year terms. In addition, the state government consists of seventeen departments.

The State Budget Process and Fiscal Management

State law requires annual preparation and approval of the state's budget. Departments of state government must prepare budget requests for the upcoming fiscal year and submit them to the Bureau of Finance and Management by September. The bureau, headed by the Commissioner of Finance and Management, reviews the budget requests, endorses the level requested or proposes alternate amounts, and presents its recommendations to the Governor for approval.

The Governor presents the annual budget to the state legislature by the first Tuesday after the first Monday in December. The state legislature is required to approve a budget by the end of the legislative session. There is no provision for a continuing resolution. In 2012, a constitutional amendment was passed to further clarify the state's balanced budget requirement. With the passage of the amendment, the State Constitution clearly requires that the Governor shall propose and the Legislature must adopt a balanced budget. Accumulated general fund balances may be drawn down to balance an annual budget, as long as the general fund balance remains positive. The Governor has the power to veto individual line items in the budget approved by the state legislature.

The state budget must remain in balance through the end of the fiscal year. Accordingly, state departments cannot encumber more funds than they have been authorized to spend. The Bureau of Finance and Management operates the state's computerized budget, accounting, payroll, and management information systems. Through these systems, the bureau monitors expenditures as well as revenues on a weekly basis. Periodic reports are made to the Governor. During the year, the Governor may authorize intradepartmental transfers of funds, as long as total appropriation levels are not exceeded.

The state has also taken steps to improve its financial practices. In 2014, a new provision was passed into law requiring independent revenue projections from the Bureau of Finance and Management and the Legislative Research Council during the legislative session and prior to July 30th each year. If either of the estimates project a budget shortfall in excess of two and one-half percent of the general fund appropriated budget, measures shall be proposed to the Governor and the Legislature to eliminate the shortfall. Additional policies and procedures are being implemented to improve state practices regarding timely financial statements, periodic reports of actual receipts and expenditures, and longer term financial planning.

State law provides for a Budget Reserve Fund into which shall be deposited unobligated general fund cash up to an amount equal to ten percent of the general fund appropriation through the General

Appropriations Act for the prior fiscal year. Expenditures from the Budget Reserve Fund shall only be by special appropriation of the legislature and shall only redress such unforeseen expenditure obligations, or such unforeseen revenue shortfalls, as may constitute an emergency pursuant to Section 1, Article III of the State Constitution. State law also provides for a Property Tax Reduction Fund, into which are deposited receipts from video lottery, sixty percent of the revenue collected from a four percent tax upon the gross receipts of telecommunication services, a 33% portion of the revenue in excess of \$35 million dollars generated from the tobacco taxes, and a portion of the wind energy taxes. The Commissioner of the Bureau of Finance and Management may transfer dollars from the Property Tax Reduction Fund to the general fund for the purpose of providing property tax relief through the state aid to education formula. Any unobligated cash remaining at year-end, after the transfer to the Budget Reserve Fund, is transferred to the Property Tax Reduction Fund if the amount in the Property Tax Reduction Fund does not exceed fifteen percent of the general fund appropriation in the General Appropriations Act for the previous fiscal year.

In 2014, a new provision was passed into law that changes how unobligated cash is directed at the end of the fiscal year. If the combined balance of the Budget Reserve Fund and the Property Tax Reduction Fund are at least ten percent of the general fund appropriation in the General Appropriations Act for the prior fiscal year, then an amount of unobligated cash is dedicated to the Building South Dakota Fund for economic development purposes under certain circumstances. However, the combined balance of the Budget Reserve Fund and the Property Tax Reduction fund may not be less than ten percent of the general fund appropriation in the General Appropriations Act for the previous fiscal year for any such transfer to occur.

Financial Management and Controls

Internal financial controls have been established by the state to provide reasonable assurance that unauthorized expenditures are not made, that revenues due to the state are paid, and that financial records are materially accurate and reliable. As previously discussed, the Bureau of Finance and Management operates computerized budget and accounting systems. The bureau is able to monitor revenues and expenditures on a weekly basis to detect excess expenditures or shortfalls in revenues. The State Treasurer is an elected official that receives all state funds and assures funds are deposited accurately. The State Auditor, an elected official, must approve all expenditures and is responsible for issuing warrants. The Department of Revenue periodically audits retail establishments to assure their payment of sales and excise taxes. Field agents for the Department of Revenue keep retailers informed of changes in tax requirements and have an accounts payable system to handle delinquent establishments. The Department of Revenue also employs law enforcement officers who investigate suspected criminal revenue violations. Nonpayment of sales and excise taxes are punishable by revocation of a retailer's sales tax license, effectively halting the retailer's business operation.

The integrity of financial records of the state is monitored by the Auditor General through annual independent financial and compliance audits. This official is appointed for a term of eight years by the state legislature and can only be removed for cause.

A financial management system, implemented by the state July 1, 1986, facilitates preparation of annual consolidated financial statements prepared in accordance with Generally Accepted Accounting Principles (GAAP). These statements are independently audited by the state Auditor General or other independent certified public accounting firms in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. The audited financial report includes the auditor's opinion, as well as comprehensive disclosure notes covering such items as a summary of significant accounting policies, status of pension plans, lease obligations if applicable, contingent liabilities, and any pending litigation, etc. Statements within the report are presented on a cash, modified accrual, or full accrual basis as dictated by GAAP.

STATE REVENUES AND EXPENDITURES

Summary of Revenues and Expenditures

The state's largest sources of revenues are sales and service taxes. The largest categories of expenditures are general bill expenditures for state aid to primary and secondary education; property tax relief payments made by the state to local government units through state aid to education; the state's share of the cost of Medicaid, corrections, and higher education; operation, maintenance and improvement of facilities for state government; and, state salaries. The state is required to operate with a positive general fund balance. It may not incur general obligation debt on either a short or long-term basis to balance its budget.

The table on the following page sets forth revenues and expenditures of the state's general fund for each fiscal year since the year ending June 30, 2012, through the Legislative Adopted budget for the fiscal year ending June 30, 2015.

NOTES FOR RECEIPTS SECTION

^A SB 225, passed during the 1996 legislative session, requires the state's proceeds from video lottery to be deposited into the Property Tax Reduction Fund (PTRF). In addition, the bill provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the general fund necessary to provide property tax relief through state aid to education. HB 1104, passed by the 2003 Legislature, imposes a tax of 4% upon the gross receipts of telecommunication services. Sixty percent of the revenue collected from this tax is deposited into the PTRF. Initiated

Measure 2, adopted by the voters in November of 2006, increased the cigarette tax on a 20 pack of cigarettes by \$1.00 and the tax on a 25 pack of cigarettes by \$1.25. In addition, the wholesale tax on other tobacco products increased from 10% to 35% of the wholesale purchase price. The PTRF receives a 33% share of any revenue generated by the tobacco tax which is in excess of \$35 million. The PTRF's share of the tobacco tax was \$7.4 million in FY2012 and \$7.8 million in FY2013, and is estimated to be \$7.8 million and \$7.6 million for FY2014 and FY2015, respectively.

- B** In November of 2010, the voters of South Dakota approved Referred Law 12, which extended the statewide smoking ban to nearly all public places including restaurants, bars, and casinos. This change in law caused a sharp decline in video lottery revenue of approximately 18% for the first year. Video lottery revenue continues to be below its previous peak of \$111.1 million, which was reached in FY2008. The PTRF's share of video lottery revenue was \$87.3 million in FY2012 and \$91.4 million in FY2013, and is estimated to be \$91.4 million and \$92.8 million in FY2014 and FY2015, respectively.
- C** Due to consolidation in the banking industry and changes in regulations, some large banks have moved their home office to South Dakota. This is expected to increase ongoing unclaimed property receipts to \$60.2 million in FY2014 and FY2015.
- D** The national recession combined with federal regulation changes in the financial sector, most notably the credit card industry, caused bank franchise tax collections to the general fund to decline substantially during and after the economic recession. Improvements in economic conditions increased collections to \$29.7 million in FY2012. However, due to consolidation within the banking industry and new financial regulations, the allocation of taxable income to South Dakota decreased collections in FY2013 to just \$17.5 million. Bank franchise tax collections are expected to continue to trend below historical levels with collections totaling just \$10.0 million and \$8.7 million in FY2014 and FY2015, respectively.
- E** Includes \$7.1 million in FY2012, \$6.5 million in FY2013, \$5.8 million in FY2014, and \$5.2 million in FY2015 derived from annuity contract payments related to the 1986 sale-leaseback transaction.
- F** Includes receipts of \$2.1 million in FY2012, \$2.0 million in FY2013, \$2.1 million in FY2014, and \$2.3 million in FY2015 due to legislation allowing the Department of Game, Fish, and Parks to make lease payments to the Building Authority. These are used to retire revenue bonds issued for the renovation and modernization of infrastructure at Custer State Park, the renovation and modernization of fish hatchery facilities, the Sioux Falls Outdoor Learning Center, and stabilization of the Cedar Shore Resort marina.
- G** Includes receipts of \$0.7 million in each fiscal year due to legislation passed in 2007 allowing the Board of Regents to make lease payments to the Building Authority. These are used to retire revenue bonds issued for critical maintenance and repair projects for the Board of Regents.
- H** Includes \$18.3 million in FY2012, \$17.9 million in FY2013, \$18.4 million in FY2014, and \$20.0 million in FY2015 in interest proceeds from the Education Enhancement and Health Care Trust Funds. The market values of the Education Enhancement and Health Care Trust Funds are calculated using a 16 quarter moving average of the prior 16 quarters as of December 31st.
- I** The Health Care Tobacco Tax Fund and the Education Enhancement Tobacco Tax Fund, created by the 2007 Legislature, receive a 34% share and 33% share of the revenue, respectively, generated by the tobacco tax in excess of \$35 million. The transfer from the Health Care Tobacco Tax Fund to the general fund was \$7.6 million in FY2012 and \$8.0 million in FY2013 and is estimated to be \$8.0 million and \$7.8 million in FY2014 and FY2015, respectively. The transfer from the Education Enhancement Tobacco Tax Fund to the general fund was \$7.4 million in FY2012 and \$7.8 million in FY2013, and is estimated to be \$7.8 million and \$7.6 million in FY2014 and FY2015, respectively.

- J** Included in FY2012 one-time receipts is \$1.0 million transferred from the Tobacco Prevention and Reduction Trust Fund to the general fund due to HB 1251 passed by the 2011 Legislature. In addition, a reallocation of bank income from previous tax years increased the bank franchise tax collections by \$14.3 million on a one-time basis in FY2012. Also included are \$0.4 million from CREP savings, \$0.4 million from a securities settlement, \$0.4 million from refinancing gains, and \$9.8 million for unexpended carryovers and special appropriations.
- K** Included in FY2013 one-time receipts are \$17.4 million in one-time unclaimed property receipts, \$2.4 million from miscellaneous national settlements, and \$1.7 million from refinancing gains. In addition, the 2013 Legislature passed HB 1060 which transferred \$4.1 million from the Tax Relief fund and \$1.8 million from the Budgetary Accounting fund to help offset the shortfall in the state employee health insurance. Also included in the one-time receipts is \$1.0 million transferred from the Tobacco and Prevention Reduction Trust fund, which was offset by a corresponding expense transfer, along with \$1.2 million from a one-time bank franchise tax correction from a prior fiscal year, and \$0.3 million from unexpended carryovers and special appropriations.
- L** Included in FY2014 one-time receipts is \$57.0 million of one-time unclaimed property receipts. HB 1270, passed by the 2012 Legislature, changed the dormancy period for unclaimed property from 5 years to 3 years. Also included is a transfer of \$19.4 million of available cash from the large project refund liability account and \$4.0 million from an unexpended carryover.
- M** HB 1269, passed by the 2012 Legislature, transferred \$20.2 million from the Budget Reserve Fund to the general fund to pay for 2011 flood and other disaster costs and for pine beetle suppression in the Black Hills through the Emergency and Disaster Fund and the Fire Suppression Fund.
- N** In FY2014, the Legislative adopted budget is using one-time funds to pay off higher interest bonds to reduce future ongoing expenses. Included in the FY2014 budget as part of the bond reduction plan is a transfer of \$19.6 million from the Property Tax Reserves to the general fund.

**NOTES FOR EXPENDITURES, TRANSFERS, AND OBLIGATIONS AGAINST CASH
SECTIONS**

- O** Includes \$7.1 million in FY2012, \$6.5 million in FY2013, \$5.8 million in FY2014, and \$5.4 million in FY2015 as appropriated to the Bureau of Administration and to the Bureau of Finance and Management to make lease payments pursuant to the leases entered into with the South Dakota Building Authority dated December 1, 1986.
- P** Includes expenditures of \$2.1 million in FY2012, \$2.0 million in FY2013, \$2.1 million in FY2014, and \$2.3 million in FY2015 due to legislation allowing the Department of Game, Fish, and Parks to make lease payments to the Building Authority. These are used to retire revenue bonds issued for the renovation and modernization of infrastructure at Custer State Park, the renovation and modernization of fish hatchery facilities, and for the Sioux Falls Outdoor Learning Center, stabilization of the Cedar Shore Resort marina and improvements to the Angostura sanitary sewer system.
- Q** Includes expenditures of \$0.7 million in each fiscal year due to legislation passed in 2007 allowing the Board of Regents to make lease payments to the Building Authority. These are used to retire revenue bonds issued for critical maintenance and repair projects for the Board of Regents.
- R** As part of the debt reduction plan which was adopted by the 2014 Legislature, a savings of \$6.3 million has been incorporated in the FY2015 adopted budget. Reducing long-term debt with one-time funds allows the state to eliminate South Dakota Building Authority generally funded bond payments beginning in FY2015.

- ^S Includes continuous appropriations for fire premium tax refunds (SDCL 10-44-9.1), the payment of special assessments (SDCL 5-14-20) and allocations to the critical teaching needs scholarship program and needs-based matching program (SDCL 4-5-29.2). Included is \$2.3 million in FY2012, \$2.4 million in FY2013, \$2.5 million in FY2014, and \$2.7 million in FY2015 for fire premium tax refunds, \$80,000 each fiscal year for payment of special assessments, and \$109,652 in FY2015 for the critical teaching needs scholarship program and needs-based matching program.
- ^T HB 1137 and SB 48, both passed during the 2012 legislative session, transferred \$1.0 million to the Cement Plant Retirement fund to reduce the liability shortfall and \$4.0 million to the Railroad Trust Fund for railroad projects in FY2012.
- ^U SB 197, passed during the 2012 legislative session, transferred \$0.2 million from the general fund to the Teen Court Grant Program Fund. HB 1060 and SB 90, which both passed during the 2013 Legislative session, amended the FY2013 General Appropriations Act and transferred \$6.6 million from the general fund for the following purposes: \$2.0 million to the Cement Plant Retirement Fund to reduce the liability shortfall, \$2.0 million to the Future Fund for economic development projects, \$1.0 million to the Department of Corrections Local & Endowment Fund for the Criminal Justice Initiative, \$1.0 million to the Tobacco Prevention and Reduction Trust Fund, \$0.5 million to Research Proof-of-Concept Fund for research commerce grants, and \$0.1 million to the Boxing Commission Fund for the South Dakota Athletic Commission.
- ^V HB 1185, which is the General Appropriations Act for FY2014, transferred \$7.0 million from the general fund for the following purposes: \$2.0 million to the Cement Plant Retirement Fund to reduce the liability shortfall, \$2.0 million to the SD Science and Technology Authority to rehabilitate the Ross shaft, \$2.0 million to the Future Fund for economic development projects, and \$1.0 million to the Railroad Trust Fund for railroad projects. SB 237, passed by the 2013 Legislature, authorized \$0.2 million to be transferred to the Board of Regents for the need-based matching program.
- ^W HB 1287, passed during the 1991 legislative session, provided that on July 1, 1991, \$20.0 million of the general fund ending unobligated cash balance from FY1991 be transferred into the Budget Reserve Fund. The maximum level of cash in the Budget Reserve Fund is limited to 10% of the general funds appropriated for the prior year in the General Appropriations Act. At the end of FY2012 and FY2013, \$47.8 million and \$24.2 million of unobligated general fund cash was obligated to the Budget Reserve Fund and transferred at the beginning of FY2013 and FY2014. The revised FY2014 budget has \$69,534 of ending unobligated cash. If realized, these funds will be obligated to the budget reserve fund at the end of FY2014.
- ^X SB 192, passed during the 2012 legislative session, obligated \$27.8 million of FY2012 cash and carried it forward to FY2013 to fund one-time special appropriations in FY2013. SB 90, passed during the 2013 legislative session, obligated \$1.0 million of FY2013 cash and carried it forward to FY2014. This obligated cash is reflected as a one-time receipt in FY2013 and FY2014.

EXPLANATION OF ONGOING GENERAL FUND RECEIPTS

Sales and Use Tax (SDCL 10-45 and 10-46): A tax of 4% is imposed upon the gross receipts from selling, leasing, and renting tangible personal property and the sale of services. Starting January 1, 2006, all items subject to the state sales tax are taxed at 4% to conform to the Streamlined Sales Tax Project. A use tax of the same rate as the sales tax is imposed on goods and services that are used, stored, or consumed in South Dakota on which South Dakota sales tax was not paid. SB 262, passed by the 1994 Legislature, created the Sales and Use Tax Fund into which a portion of the sales tax is deposited to cover the Department of Revenue's cost of administering the tax. SB 63, passed by the 2003 Legislature, broadened the sales tax to include interstate telecommunication services. HB 1081, passed by the 2006 Legislature, exempted maintenance items used on agricultural machinery and equipment from the sales and use tax. HB 1154, passed by the 2006 Legislature, imposed an excise tax of 4% on the gross receipts from the sale of farm machinery, farm attachment units, and irrigation equipment. Municipal tax no longer applies to these sales.

Property Tax Reduction Fund: The Property Tax Reduction Fund (PTRF) was created to fund property tax relief in South Dakota. SB 225, passed during the 1996 legislative session, provides that the Commissioner of the Bureau of Finance and Management may transfer monies available from the PTRF to the General Fund to provide property tax relief through state aid to education. Revenues deposited in the PTRF come from five sources: 1) 49.5% of video lottery net machine income; 2) 60% of the revenue from the 4% tax on the gross receipts of telecommunication services, which is imposed by HB 1104 passed by the 2003 Legislature; 3) 33% share of revenue generated from the tobacco tax in excess of \$35 million; 4) transfer from the wind energy tax fund per SDCL 10-35-22; and, 5) unobligated cash remaining at the end of a fiscal year after the transfer into the Budget Reserve Fund, if the amount in the PTRF does not exceed 15% of the general fund appropriations in the General Appropriations Act for the previous fiscal year.

Contractor's Excise Tax (SDCL 10-46A and 10-46B): An excise tax of 2% is imposed on the gross receipts of all prime contractors on construction projects. Subcontractor's gross receipts are not subject to the 2% tax if subcontractors are furnished a valid prime contractor's exemption certificate by the prime contractor for each specific job performed. The gross receipts of both prime contractors and subcontractors providing construction services or realty improvement projects for qualifying utilities are subject to a 2% excise tax.

Insurance Company Tax (SDCL 10-44): A tax of 2.5% of premiums on policies insuring risks located in South Dakota is imposed on insurance companies. In addition, the insurer must also pay a tax of 0.5% of the gross premium receipts on all fire insurance business done in the state. The tax imposed on insurance companies for life insurance policies is 2.5% of premiums on the first \$100,000 of annual life premiums per policy, and 0.08% for that portion of the annual life premiums per policy exceeding \$100,000. A life insurance policy (other than credit life as defined in SDCL 58-19) of a face amount of \$7,000 or less is taxed at the rate of 1.25% of premiums. The tax imposed on insurance companies for annuities is 1.25% of the consideration for annuity contracts on the first \$500,000 of annual consideration per annuity contract, and 0.08% for that portion of the annual consideration per annuity contract exceeding \$500,000. Farm mutual insurers and fraternal benefit societies are exempt from insurance company taxes.

Unclaimed Property Receipts (SDCL 43-41B): Receipts to the general fund from unclaimed property are the result of all funds in excess of \$50,000 that are receipted into the Unclaimed Property Trust Fund. Property is considered abandoned after it has been unclaimed by the rightful owner for three years in South Dakota and must be submitted to the State Treasurer's office per state law. These unclaimed funds are a perpetual liability of the state of South Dakota and if the owner of such funds is identified, they must be paid to the rightful owner.

Licenses, Permits, and Fees: This receipt classification includes revenues received from the sales of a broad variety of licenses, permits, and filing fees that are assessed to defray administrative costs. State agencies collecting these revenues include the Departments of Agriculture, Health, Labor and Regulation, Public Safety, Social Services, Revenue, the Unified Judicial System, and the Secretary of State.

Net Transfers In: Receipts included in this category are general fund reimbursements by the Highway Fund; receipts from the Department of Game, Fish, and Parks; receipts from the Motor Vehicle Fund; the state's share of the Deadwood gaming revenue; the transfer from the Health Care Tobacco Tax Fund and the Education Enhancement Tobacco Tax Fund; lease payments to retire revenue bonds from various state agencies; and other miscellaneous receipts.

Trust Funds (SDCL 4-5-29.1, SDCL 4-5-29.2, and Article 13, Sections 20 and 21 of the State Constitution): Receipts included in this category are transfers from the Health Care Trust Fund, the Education Enhancement Trust Fund, and the Dakota Cement Trust Fund. Four percent of the market value is transferred from the Health Care Trust Fund and the Education Enhancement Trust Fund to the general

fund as long as the principal of the trust funds is not invaded. The earnings from the Health Care Trust Fund are to be used for health care related programs, and the earnings from the Education Enhancement Trust Fund are to be used for education enhancement programs. Due to the passage of Constitutional Amendment O in the 2012 election, the transfer from the Dakota Cement Trust Fund to the general fund was changed from \$12 million each fiscal year to four percent of the market value, similar to the transfers from the Health Care Trust Fund and the Education Enhancement Trust Fund. This change took effect for the FY2013 transfer from the Dakota Cement Trust Fund.

Cigarette Tax (SDCL 10-50): In November 2006, the voters of South Dakota adopted Initiated Measure 2 which increased the cigarette tax on a 20 pack of cigarettes from \$0.53 to \$1.53. In addition, the tax on other tobacco products increased from 10% of the wholesale purchase price to 35% of the wholesale purchase price. The tax increase became effective January 1, 2007. The first \$30 million generated from this tax is deposited into the General Fund. The next \$5 million collected annually is deposited in the Tobacco Prevention and Reduction Trust Fund. Any tobacco tax revenue in excess of \$35 million is divided among the Property Tax Reduction Fund (33% share), the Education Enhancement Tobacco Tax Fund (33% share), and the Health Care Tobacco Tax Fund (34% share).

Bank Franchise Tax (SDCL 10-43): An annual tax is imposed on banks, financial institutions, and savings and loan associations based upon net income assignable to South Dakota. Ninety-five percent of the taxes paid defined as credit card banks are deposited in the General Fund, and five percent of the taxes collected are returned to the county where the bank or financial institution is located. Twenty-six and two-thirds percent of all other revenues collected from the tax are deposited in the General Fund and seventy-three and one-third percent are remitted to the county where the bank or financial institution is located.

Alcohol Beverage Tax (SDCL 35-5): This tax is computed and levied on all alcoholic beverages purchased, received, or imported from a distiller, manufacturer, or foreign wholesaler for sale to a retail dealer. The taxation rates are as follows: 1) \$8.50 per 31 gallon barrel (or a prorata share thereof) on malt beverages; 2) all light wines and diluted beverages (except sparkling wines and cider) having more than 3.2% and not more than 14% alcohol by weight, 93¢ per gallon; 3) all wines (except sparkling wines) having more than 14% and not more than 20% alcohol by weight, \$1.45 per gallon; 4) all wines (except sparkling wines) having more than 20% and not more than 24% alcohol by weight, and all sparkling wines containing alcohol, \$2.07 per gallon; 5) all cider having not more than 10% alcohol by weight, 28¢ per gallon; and, 6) all other alcoholic beverages, \$3.93 per gallon. The state receives 75% of the total tax collected, and 25% of the collections are returned to the municipalities.

Charges for Goods and Services: Receipts included in this category are from charges made by institutions under the Department of Social Services; audit charges made by the Auditor General to state and local governments; child support collections paid back to the state received by the Department of Social Services; 35% of fines, penalties, and forfeitures collected on county, township, or municipal offenses; and other miscellaneous charges. Also, any receipts from the Inheritance and Estate Tax are included in the Charges for Goods and Services category.

Lottery (SDCL 42-7A): Receipts under this classification include the general fund's share of revenues from the sale of instant and on-line lottery tickets. All of the net proceeds from the sale of instant lottery tickets are deposited in the General Fund. The first \$1.4 million of the net proceeds from the sale of online

lottery tickets are deposited in the General Fund, and the remaining net proceeds are deposited in the Capital Construction Fund.

Severance Taxes (SDCL 10-39 and 10-39A): A severance tax is imposed at the rate of \$4 per ounce of gold severed in South Dakota as well as an additional per ounce tax if the price of gold is in excess of \$800 per ounce. In addition, there is a tax of 10% of the net profits from the sale of precious metals severed. For persons severing precious metals that were in business in the state prior to January 1, 1981, 100% of the revenues collected are deposited in the General Fund. For persons permitted on or after January 1, 1981, for the purpose of severing precious metals, 80% of the revenues collected are deposited in the General Fund, and 20% are remitted to the county in which the precious metals were severed. Owners or operators of energy minerals must pay a tax equal to 4.5% of the taxable value of any energy minerals severed. One-half of the energy mineral severance taxes received are returned to the county where the energy minerals were severed and one-half are credited to the General Fund.

Sale-Leaseback: Receipts under this classification are derived from the annuity contract purchased with the proceeds from the sale of certificates of participation associated with the December 1986 sale-leaseback transaction.

Investment Income and Interest: Revenues included in this category are from interest and the investment earnings of the general fund and nonparticipating funds in the Cash Flow Fund.

Alcohol Beverage 2% Wholesale Tax (SDCL 35-5-6.1): This tax is in addition to the tax imposed by SDCL 35-5-3, and is levied at the rate of 2% of the purchase price upon the purchase of alcoholic beverages, except malt beverages, by a wholesaler from a distiller, manufacturer, or supplier.

EXPLANATION OF ONE-TIME GENERAL FUND RECEIPTS

One-time Unclaimed Property Receipts (FY2013 and FY2014): Mergers within the banking industry resulted in a large one-time increase of unclaimed property in FY2013, of which \$17.4 million is expected to be one-time. HB 1270, passed by the 2012 Legislature, changed the dormancy period for most unclaimed property from 5 years to 3 years. This change will result in 3 years of unclaimed property collections in FY2014, of which the one-time portion is estimated to be \$57.0 million.

In FY2013, a \$1.0 million transfer from the Tobacco Prevention and Reduction Trust Fund was transferred to the general fund but was offset by an equal transfer out of the general fund.

One-time Bank Franchise Tax (FY2012 and FY2013): This represents a one-time receipt of bank franchise tax due to a reallocation of bank income over prior tax years which were deemed allowable by the IRS. The reallocation of income caused a one-time increase in South Dakota's bank franchise tax of \$14.3 million in FY2012. In FY2013, a one-time \$1.2 million receipt of bank franchise tax was realized due to a prior period adjustment in bank franchise allocations.

SB 192, passed by the 2012 Legislature, obligated \$27.8 million of FY2012 cash which was used to fund FY2013 one-time expenses. In addition, \$47.8 million of FY2012 cash was obligated and transferred to the Budget Reserve Fund in FY2013 as required by state law. The \$75.7 million total of FY2012 obligated cash was carried forward to FY2013 as one-time revenue. SB 90, passed by the 2013 Legislature, obligated \$1.0 million of FY2013 cash and carried it forward to FY2014. In addition, \$24.2 million of FY2013 cash was obligated and transferred to the Budget Reserve Fund in FY2014 per state law. THE RETIREMENT SYSTEM

The South Dakota Retirement System provides retirement benefits for state employees and those employees of local governments that participate in the system. Employers and employees contribute equal amounts in the form of a percentage of employee compensation.

The funding ratio increased from 97.7% in FY2004 to 100% in FY2013. The funding ratio is the ratio of the actuarial value of the assets of the system to the actuarial accrued liabilities of the system as of the date of calculation. The unfunded actuarial accrued liability (AAL) as a percent of covered payroll went from 9.8% in FY2004 to 0% in FY2013.

In 2013, the South Dakota Retirement System Board of Trustees took action to transfer funds from the cushion to the actuarial value of assets in order to eliminate the system's unfunded AAL. As a result, the unfunded AAL as of June 30, 2013 is \$0 and no funding period is applicable. SDRS is fully funded with an actuarial value funded ratio of 100% and a market value funded ratio of 103.2%.

In FY 2013, SDRS experienced a 19.02% market return net of fees, significantly more than the assumed rate of return of 7.25%. Plan assets at market value in FY2013 were \$9.1 billion compared to plan assets in FY2004 of \$5.5 billion.

The assets of the system are valued at their market value. The system is in full compliance with the standards of the Governmental Accounting Standards Board and has received the Government Finance Officers Association's (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the last seventeen years. The system is subject to an annual actuarial valuation and an annual audit performed by an independent audit firm.

Business Expansion

The state government has taken steps to encourage further diversification of the economy. In 1981, changes were made in South Dakota banking laws that have attracted credit card processing firms. The largest of these is Citibank of South Dakota, N.A., which processes more than 10 million credit cards and employs 2,800 persons.

Just as the upgrading of the banking laws brought business to the state, the upgrading of technology has continued the trend of growth and diversification. South Dakota continues to target industries that have historically found success in the state and new, emerging industries to further diversify the state's economy. This review and re-focusing now has the state targeting the following industries: advanced manufacturing, bioscience, energy including wind, solar and business services in support of the Bakken oil region, the shooting, hunting & outdoors industry, professional business services, financial services and the value added agriculture industry.

Sitting at the top of the list of largest private employers in South Dakota is Avera and Sanford Health in Sioux Falls. Avera when teamed with Sanford Health accounts for more than 20,000 employees in the state.

South Dakota is considered to have an attractive business climate. According to the Small Business Survival Foundation, South Dakota offers the best economic environment for entrepreneurship in the nation. The state has no income tax, personal or corporate, competitive unemployment insurance and workers compensation rates, and boasts one of the lowest property crime rates in the nation.

The following table depicts the number of expanded and new manufacturers and amount of capital spending that has taken place in recent years.

FY1998 was the first full year South Dakota was under the TANF Program, which replaced the Aid to Families with Dependent Children (AFDC) Program. Under the TANF Program, states could potentially be penalized if work requirements are not met. October 1, 1997 was the first time states were required to submit their percentage of case loads engaged in work. South Dakota is above the required 50% of case loads engaged in work.

The Board may comply with the requirements of this Section 3 and with Section 4 hereof by the use of a Dissemination Agent.

(b) The Board shall cause the Annual Report to be delivered to each Repository on or before 180 days after the last day of the Board's fiscal year. The Board shall provide copies of the Annual Report to the Authority at the same time such information is provided to the Repositories pursuant to this Section 3(b).

Section 4. Content of Annual Reports. (a) The Board's Annual Report shall contain or incorporate by reference the following:

(1) data of the kind contained on page 6 of the Official Statement under the caption "VOCATIONAL EDUCATION FACILITIES PROGRAM SCHEDULE OF RECEIPTS AND PAYMENTS";

(2) data of the kind contained in APPENDIX A to the Official Statement;

(3) data of the kind contained in APPENDIX B to the Official Statement.

(b) Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues with respect to which the Board is an "obligated person" (as defined by the Rule), which have been filed with the Repositories or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Board shall clearly identify each such other document so incorporated by reference.

(c) The information provided pursuant to paragraph (a) shall be provided for, and as of the end of, the preceding fiscal year.

(d) The Board reserves the right to modify from time to time the format or the presentation, but not the substantive content, of the information provided pursuant to Section 4(a), to the extent necessary or appropriate in the judgment of the Board, provided that the Board agrees that any such modification will be effected in a manner consistent with the Rule and the purposes of this Disclosure Agreement.

If audited financial statements of the Board or audited financial statements of the State are not available when the Annual Report is filed, the Board shall disseminate such audited financial statements of the Board or audited financial statements of the State, as the case may be, when and if they become available.

Section 5. Reporting of Listed Events. (a) This Section 5 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax-exempt status of the Bonds;
7. Modifications to rights of security holders, if material;
8. Bond calls, if material, and tender offers (except for mandatory scheduled redemptions not otherwise contingent upon the occurrence of an event);
9. Defeasances;
10. Release, substitution, or sale of property securing repayment of the securities, if material;
11. Rating changes;
12. Bankruptcy, insolvency, receivership or similar event of the obligated person;
13. The consummation of a merger, consolidation, or acquisition involving the obligated person or the sale of all or substantially all the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
14. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

(b) Subject to Section 7 and Section 10 of this Agreement, the Board hereby covenants that it will disseminate or cause to be disseminated in a timely manner (not in excess of ten business days after the occurrence of the Listed Event) notice of the occurrence of any of the Listed Events either (1) to each Repository, with copies of such notice to the Authority and any Dissemination Agent and (2) to EMMA. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Bonds or defeasance of any Bonds need not be given under this Disclosure Agreement any earlier than the notice (if any) of such redemption or defeasance is given to the holders of Bonds pursuant to the Indenture.

Section 6. Discussion of Items Disclosed in Annual Reports or as Significant Events. If an item required to be disclosed in the Annual Report under Section 4, or as a Listed Event under Section 5, would be misleading without discussion, the Board shall additionally provide a statement clarifying the disclosure in order that the statement made will not be misleading in the context in which it is made.

Section 7. Termination of Reporting Obligation. The Board's obligations under this Disclosure Agreement shall terminate upon the prior redemption or payment in full of all of the Bonds. If the obligations of the Board under this Disclosure Agreement are assumed in full by some other entity, such entity shall be responsible for compliance with this Disclosure Agreement in the same manner as if it were the Board and the original Board shall have no further responsibility pursuant to this Disclosure Agreement. The Board shall give notice to EMMA in a timely manner if this is applicable (other than because of payment of all the Series 2014A Bonds at stated maturity).

Section 8. Dissemination Agent. (a) The Board may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement and may discharge any such Dissemination Agent with or without appointing a successor Dissemination Agent. The Initial Dissemination Agent shall be The First National Bank in Sioux Falls. The Dissemination Agent may resign by giving written notice to the Board, the Authority and each Repository at least 30 days prior to the effective date of such resignation.

(b) Any Dissemination Agent shall have no liability to any Beneficial Owner of the Bonds or any other person (i) by reason of any statement or omission contained in any report or notice prepared by the Board and furnished hereunder, (ii) for compliance with any instruction of the Board to furnish any report or notice or to not disclose any report or notice pursuant to the express terms hereof or (iii) for any determination or exercise of discretion hereunder or in connection hereof if such determination or exercise of discretion is made in good faith and pursuant to the terms hereof.

Section 9. Substitution of Obligated Person. The Board shall not transfer its obligations under the Lease unless the transferee agrees to assume all the obligations of the Board under this Disclosure Agreement.

Section 10. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Board, by resolution authorizing such amendment or waiver, may amend this Disclosure Agreement as to it, and any provision of this Disclosure Agreement may be waived as to it, if and only if:

(a) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Board, or type of business conducted;

(b) The amendment or waiver does not materially impair the interests of the beneficial owners of the Series 2014A Bonds, as determined either by parties unaffiliated with the Authority or the Board (such as the Trustee), or by approving vote of Series 2014A Bondholders pursuant to the terms of the Indenture at the time of the amendment; and

(c) Such amendment or waiver is supported by an opinion of counsel expert in federal securities laws, acceptable to the Board and parties unaffiliated with the Authority and Board (such as the Trustee) to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule taking into account any subsequent change in or official interpretation of the Rule.

APPENDIX D

Form of Opinion of Bond Counsel

_____, 2014

South Dakota Health and
Educational Facilities Authority
P.O. Box 846
Pierre, South Dakota

We have acted as Bond Counsel in connection with the issuance and sale of \$_____ Vocational Education Program Revenue Bonds, Series 2014A (the “*Series 2014A Bonds*”) issued by the South Dakota Health and Educational Facilities Authority (the “*Authority*”). The Series 2014A Bonds are dated the date of original issue.

The Series 2014A Bonds are issued pursuant to a Fifteenth Supplemental Indenture of Trust dated as of June 1, 2014 (the “*Fifteenth Supplemental Indenture*”) supplementing and amending the Indenture of Trust dated as of August 1, 1988 as heretofore supplemented and amended (the “*Original Indenture*”), by and between the Authority (the “*Authority*”) and The First National Bank in Sioux Falls (the “*Trustee*”). The Original Indenture as supplemented and amended by the Fifteenth Supplemental Indenture is hereinafter referred to as the “*Indenture*.”

We have examined such certified proceedings, documents and certifications of public officials as we deem necessary to render this opinion, including the form of the Series 2014A Bonds and the Indenture.

Based upon our examination and under existing statutes, regulations and court decisions, we are of the opinion, as of the date hereof, as follows:

1. The Series 2014A Bonds are valid and binding obligations of the Authority issued under the authority of Chapter 1-16A, South Dakota Codified Laws.
2. The Indenture has been duly authorized, executed and delivered by the Authority in accordance with its terms.
3. Subject to the condition that the Authority, the South Dakota Board of Education and the Qualified Participating Institutions (as defined in the Indenture) to comply with certain covenants made to satisfy pertinent requirements of the Internal Revenue Code of 1986, as amended (the “*Code*”), under present law, interest on the Series 2014A Bonds is excluded from the gross income of the owners thereof for federal income tax purposes. Interest on the Series 2014A Bonds will not be included as an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations but will be included in “adjusted current earnings” of certain corporations for purposes of computing the alternative minimum tax for such corporations. Failure to comply with certain of those covenants could cause interest on the Series 2014A Bonds to be included in gross income, in some cases retroactively to the date of issuance of the Series 2014A Bonds. Ownership of the Series 2014A Bonds may result in other federal tax consequences to certain taxpayers. We express no opinion regarding any such collateral consequences arising with respect to the Series 2014A Bonds.

In rendering this opinion, we have relied upon certifications of the Authority, the South Dakota Board of Education, the Qualified Participating Institutions and certain other parties with respect to certain material facts solely within their knowledge relating to the facilities to be financed or refinanced with the Series 2014A Bonds, the application of the proceeds of the Series

2014A Bonds and certain other matters pertinent to the tax-exempt status of the Series 2014A Bonds.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

It is understood that the right of the holders of the Series 2014A Bonds and the enforceability of the Series 2014A Bonds and the Indenture may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of law.

Very truly yours,
