

How to REACH those you TEACH

The office of special education is excited to offer webinars that are specifically designed for general educators that will help you reach all students in your classrooms. The past year we received many requests from teachers and administrators asking for professional development in assisting with students with disabilities who are integrated in the general classroom. Participants will learn tips, tricks, and the basics of special education.

Jan. 11- Disability Categories- Characteristics of each disability and what to consider in working with students in each category.

Feb. 1- Differentiated Instruction- Tips and tools to use in working with students of different varying abilities.

Feb. 29- Behaviors and Behavior Plans- What are the roles of teachers and administrators in working with students who have behavior as an area of need.

March 14- Autism Spectrum Disorder- Understanding students who have an autism spectrum disorder disability and how to incorporate these differences in the classroom.

Webinars begin at **3:30PM CST**. A computer with internet access and a phone line will be needed.
