

The SD Department of Education has not included the schools listed here in the SPI classification ranking. These schools have such small numbers of students that statistical validity of test scores cannot be determined based on the amount of testing data available. The department is dedicated to ensuring that every student in the state has the opportunity to receive a quality education, and we are working with these schools in other ways to ensure that the needs of students are met.

<b>District Number</b>	<b>District Name</b>	<b>School Name</b>	<b>Title I Status</b>
