**Letter of Intent Regarding Legislation Approved in the 2016 Session**

Dear Dr. Schopp:

This Letter of Intent sets forth a particular view held by the Joint Committee on Appropriations relating to your appropriation approved in the FY2017 General Appropriations Act (SB172). As such, it supplements that appropriation with a specific policy guideline as approved on June 10, 2016. While the guideline does not have the direct force of statutory law, it rests solidly on a long-standing tradition of Legislative-Executive relationships in South Dakota and it will be used by the Joint Committee as one basis for the fiscal oversight of your agency.

SB172 provided \$3 million in general funds for the purpose of increasing instructor salaries to competitive levels at the postsecondary technical institutes. It is the intent of the Committee that these funds are to only be used for instructors' salaries and benefits and that the technical institutes are allowed to use these funds for differential pay, based on performance, in high need areas and highly difficult areas to recruit and retain instructors.

The Committee also requests that the Department of Education provide a report by December 6, 2016. The report should outline the effect of the additional funding on instructor salaries and retention by program at each technical institute.

Thank you for your cooperation.
