Name: Anne Plooster, South Dakota Education Association (SDEA)

Comment: The South Dakota Education Association (SDEA), on behalf of its members including those who teach at the State's postsecondary technical institutes, expresses its concern that the proposed administrative regulations regarding postsecondary technical institute instructor salary support, proposed ARSD 24:10:49, in particular proposed ARSD 24:10:49:06, fail to take into consideration the obligation of the technical institutes to negotiate/bargain instructor salaries under SDCL ch 3-18. SDEA asks that the proposed administrative regulations be amended to reflect that obligation.
