

## Teachscape Formal/Informal Observation and Self-Score

\*\* When teachers click on the **Formal Observation** task, they enter the self-score. This allows them to score themselves the same way the evaluator scores the teacher when they click the Formal Observation task. Once the teacher and evaluator finishes this task, both will receive the compared ratings.

### Notes and Evidence Tab

- Type in evidence and press Enter

- Click  in order to tag evidence to SD Framework for Teaching components

### Score Tab

- Choose specific components to score.
  - o If you type in the Summary box, make sure to click **Add** unless you will lose it
  - o Click [Show critical attributes](#)  to select critical attributes as evidence from the rubrics

Gill, Matthew: Details ▶ Notes and Evidence ▶ **Score** ▶ Observation Summary

Score: **2a: Creating an Environment of Respect and Rapport**  
(Optional)
